ninety six

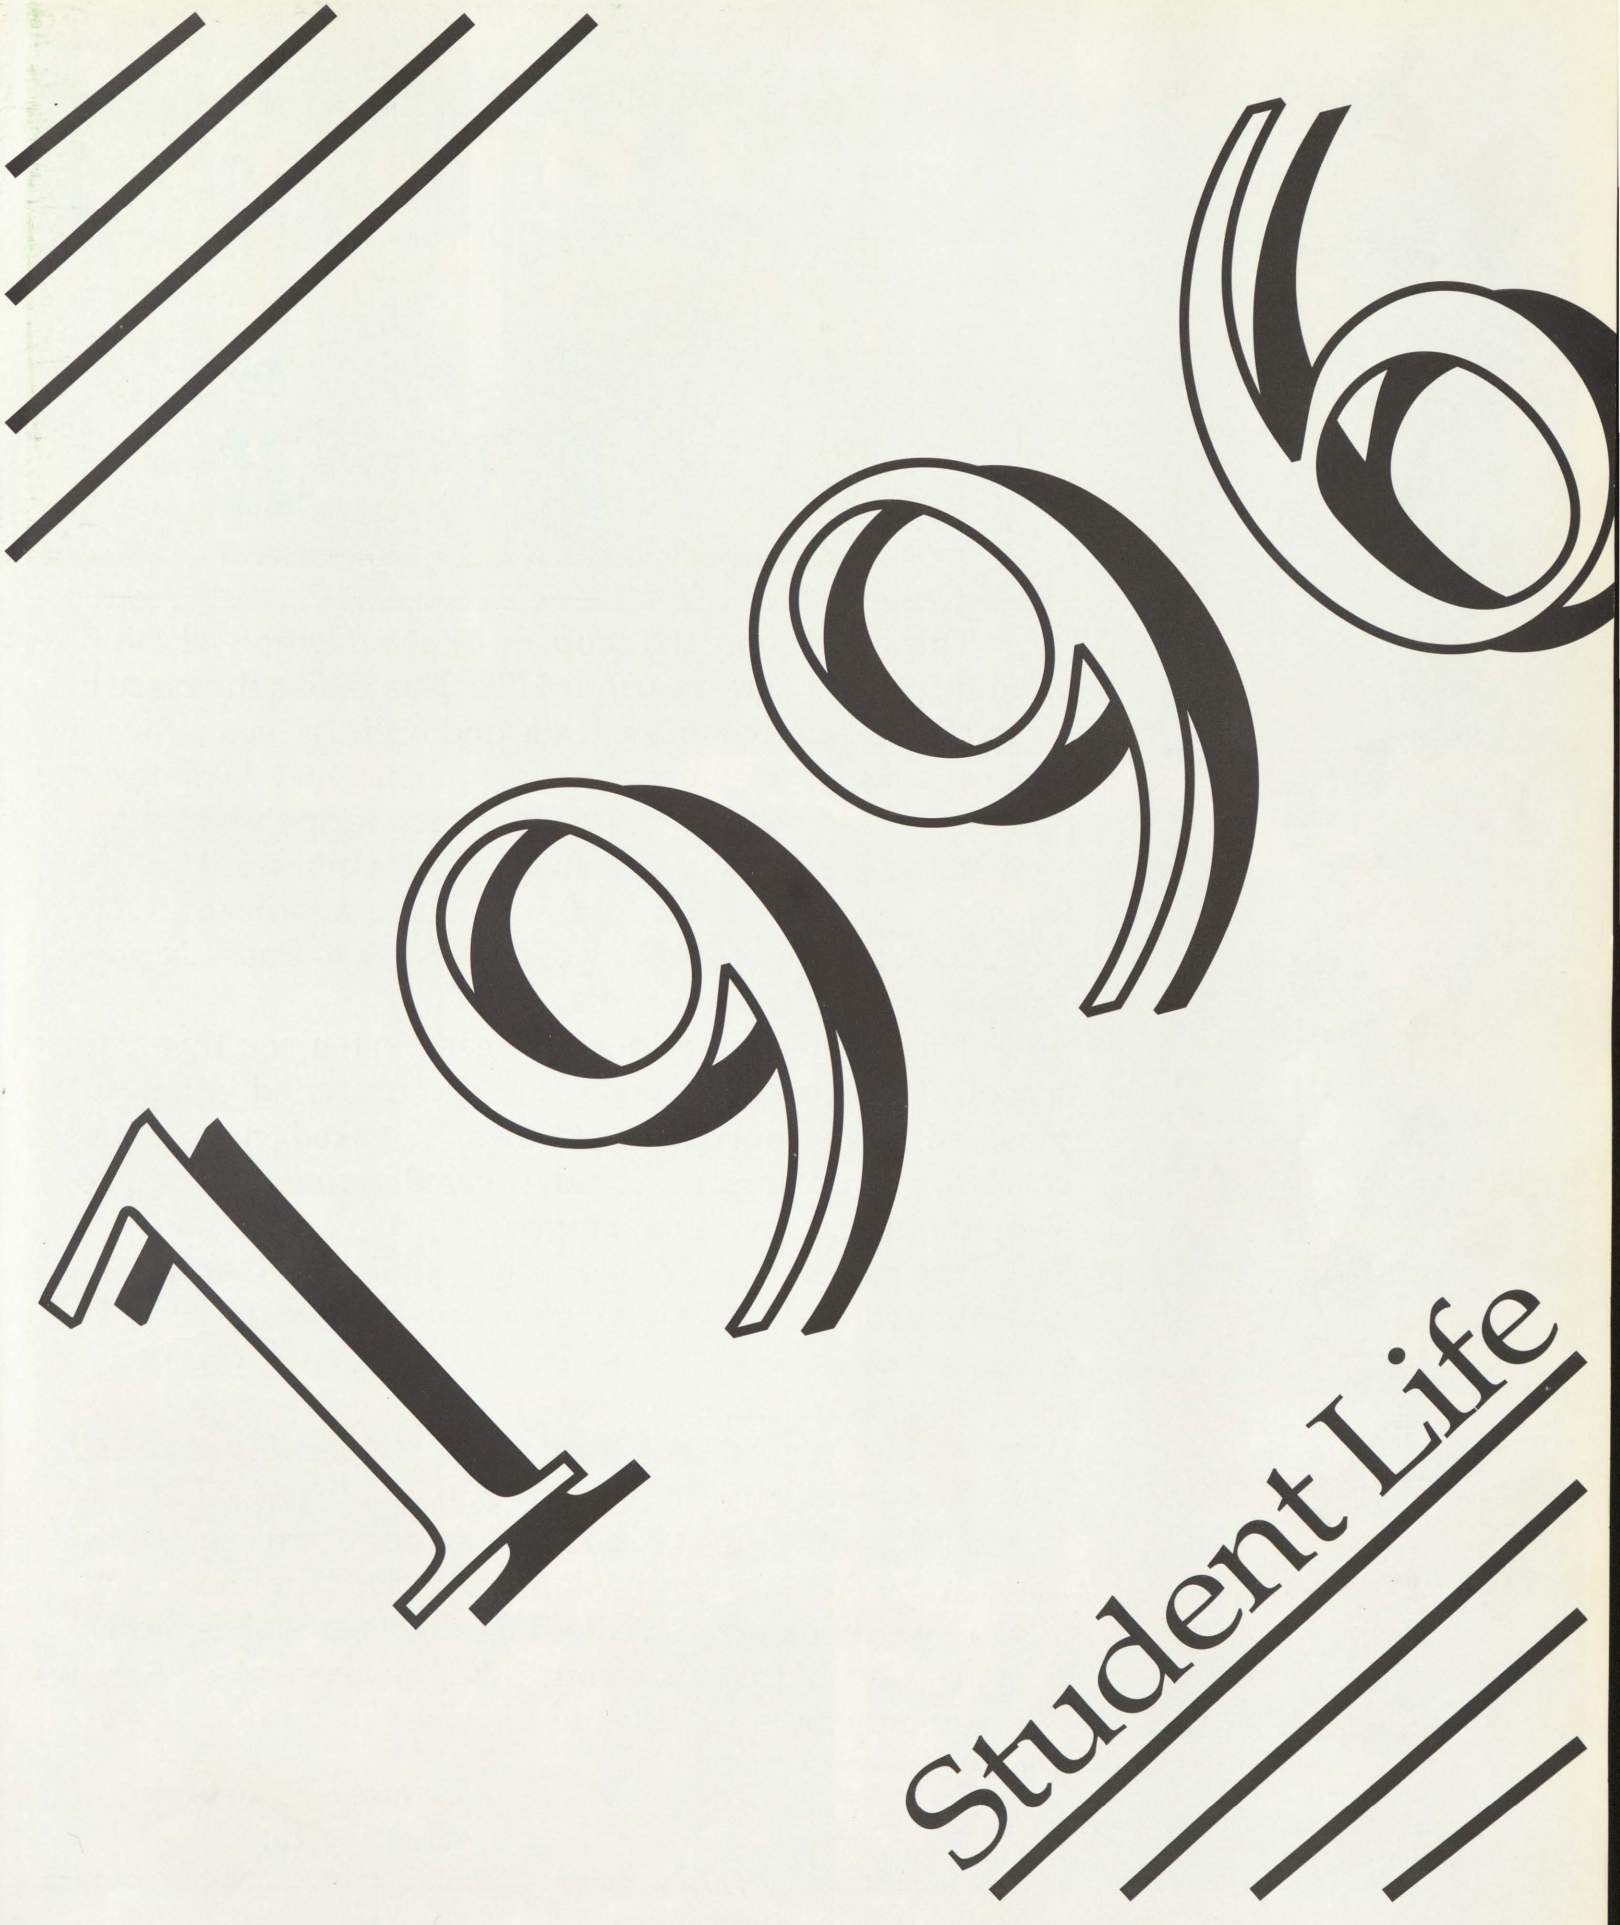

This is probably the proper place to mention all the wonderful days here at Arthur Hill. This is also the place to recap all the laughs, smiles, tears, and friendships that we, as Lumberjacks, have shared. In a regular, normal yearbook, the opening would basically repeat the same sappy words that were in the yearbook before. In fact, the opening is so routine, that many people just think of this page as another annoying page to roam through when you are trying to find that page that you saw your shoulder in.

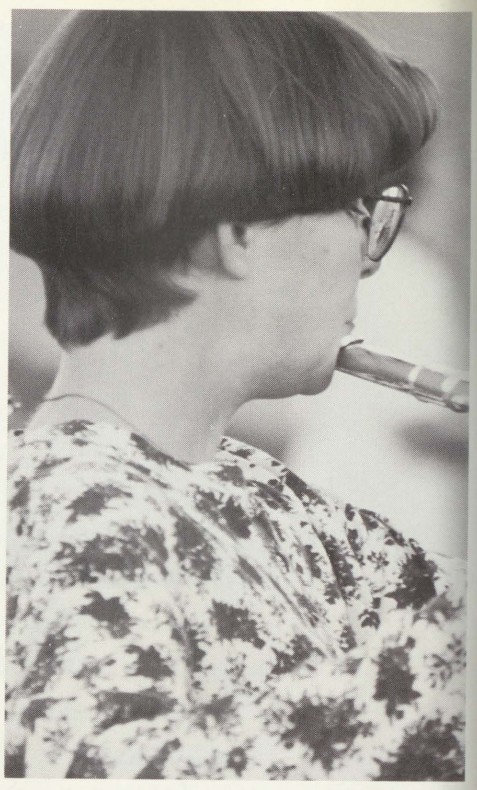

This opening story does not need to tell you that in this school, at one time or another, you had fun, cried, sang, punched, ran, jumped, hugged, swam, walked, cheated, ate, crashed, played, kissed, kicked, cheered, wrote, read, called, slept, thought, drove and skipped.

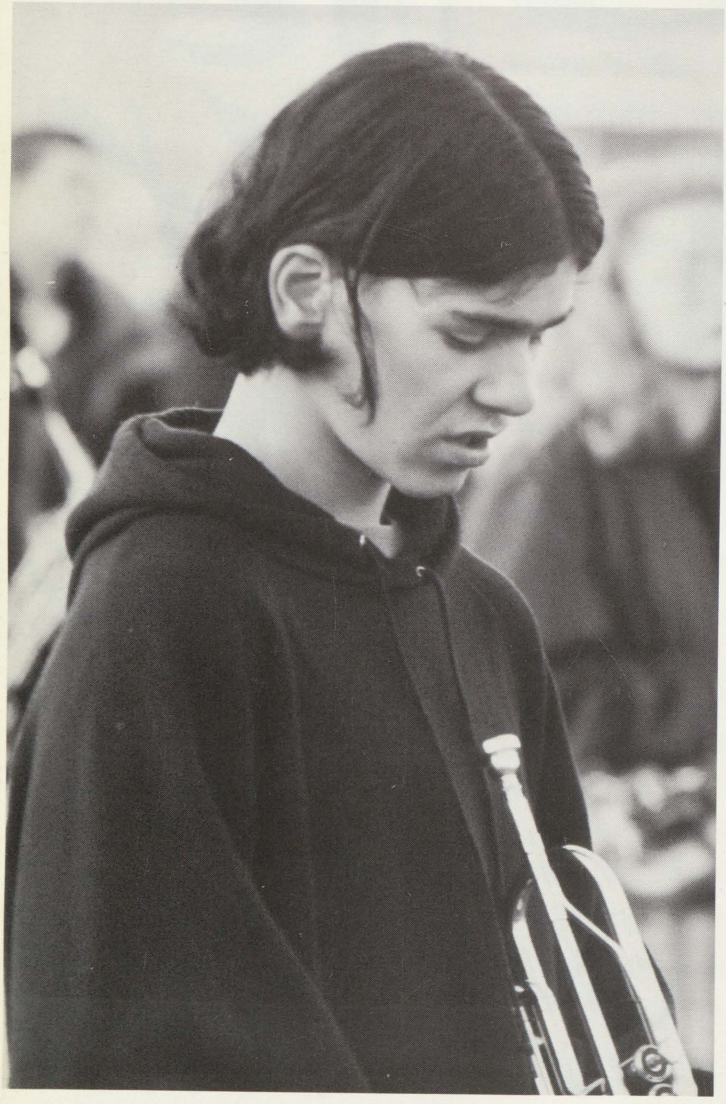

The reason why I do not need to tell you all of the emotions that you have had throughout your years at Arthur Hill is because you can see them. This book was made so that when you cannot recall the name of the kid that bugged you in math class in your sophomore year, you can flip to see his face. You then know that you are doomed. You will end up looking through your yearbook for an hour or two. Do you know why? You are yearbook hooked. Do you know why you are yearbook hooked? Because this yearbook is more than just wasted trees, it is your LIFE. And everybody knows that you only have just one life. So enjoy it...and be nice to your yearbook.

Homecoming '95-'96

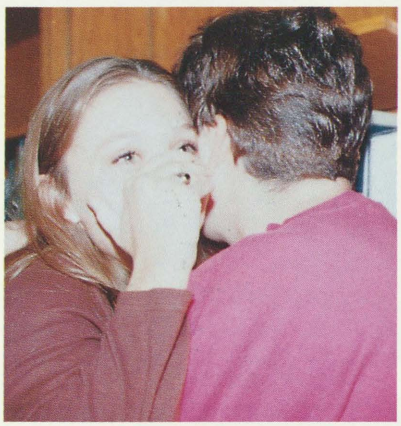

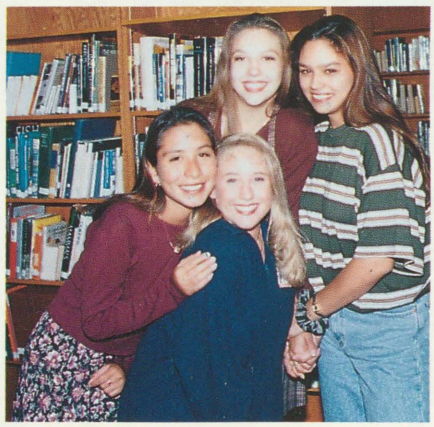

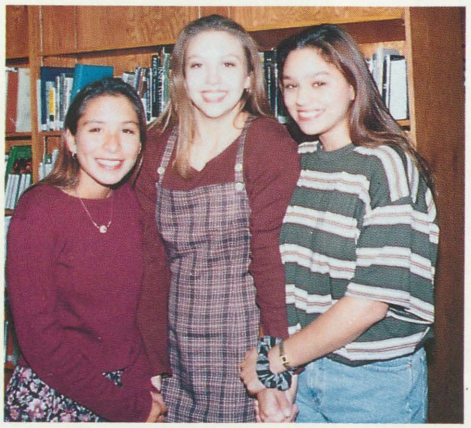

Homecoming 95-96 will always be treasured by nine beautiful ladies. The senior class voted for these ladies and shortly after the entire student body voted and elected Nicole Parini as Queen. Marilisa Landin and Cassandra Ledesma as attendants. Great memories are sure to be had by the court this year: there was a special bond. Getting ready for the homecoming fesivities took a lot of time, but it was worth it. It was fun. We shopped together, agreed on everything, car washed, and danced. But most of all we created special friendships and memories that we will treasure in our hearts forever and ever.....

Cassandra Ledesma

Come down from there, Kacy!

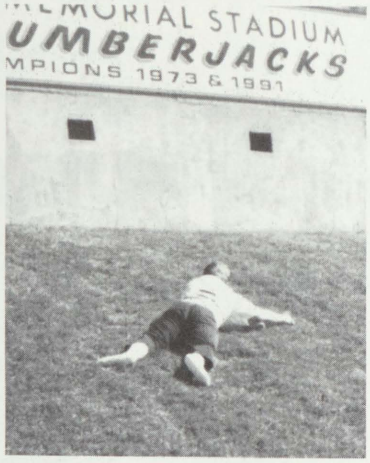

Look at all of these pretty smiles.

Here comes the senior float, excited for Homecoming.

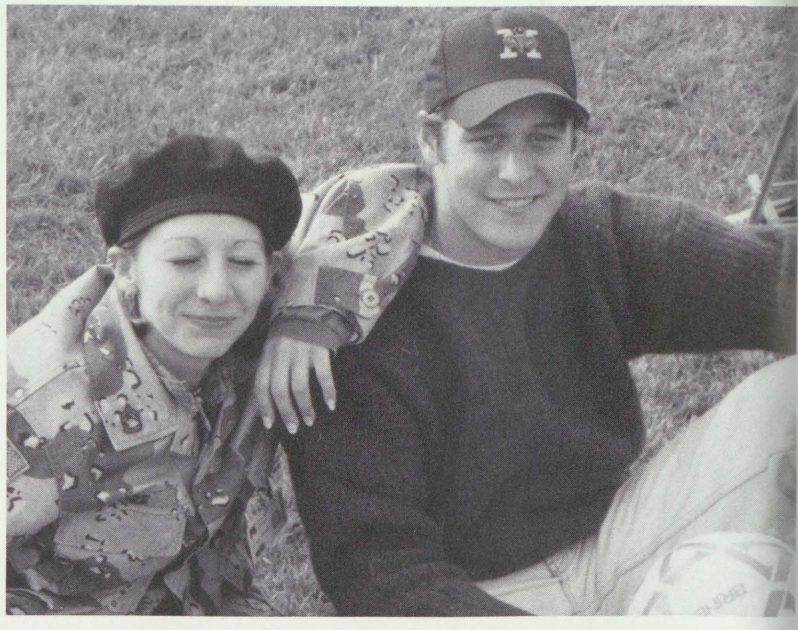

Michael Morrell giving it up.

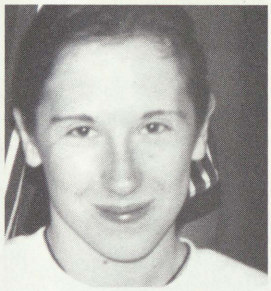

After three years at the Hill, we all look like this.

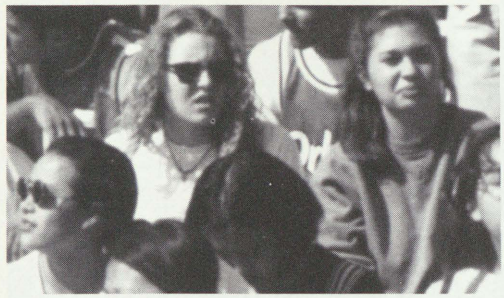

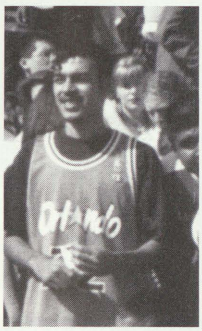

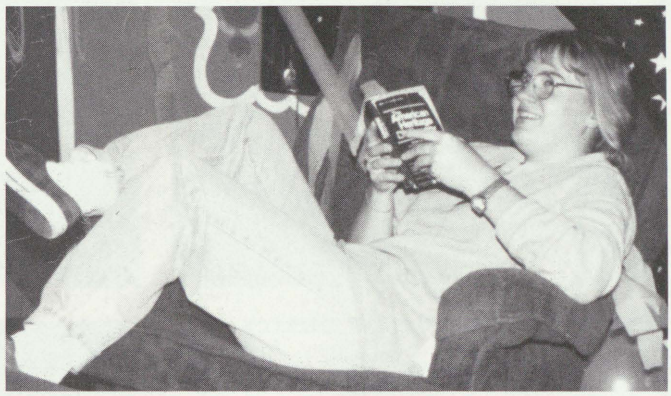

Look at Anna and Eric "just chillin'".

To The Beloved Brandi Kinney...

Her life was like a candle,
Hoping it was everlasting
But she knew that it was not,
And someday it would burn out.
Not scared that her life was too short,
But scared that her death would be too long.
Maybe they will bury her,
But never will we forget her.
And even though she is far apart,
We will always keep her close at heart.
For let today embrace the past with remembrance
And the future with longing,
And as we sit here, we ask the question--why?
Why it ever had to end for her,
And why we had to say goodbye.

Richard Jermaine Williams

What Does My Faith In Jesus Christ Mean To Me?

My faith in Jesus Christ means to me that after I die, I will have eternal salvation with Him in heaven. It means that I can do all things through Him which strengthens me. My faith in Jesus Christ also means that no matter how bad times get, I know there's a good time to look forward to. It means that no matter what the sin is, if I can't talk to anyone else, I can talk to Him. My faith in Jesus Christ also means that with Him I can resist all temptations of the Devil, the world, and our flesh. My faith also helps me get through the passing of close relatives who have gone to Him already. It helps me remember that they're not suffering anymore, and that they are with Him. My faith in Jesus Christ also helps me choose right from wrong. If I stick with Him I'll always choose right. My faith in Jesus Christ helps me be more responsible, it helps me get along with my parents. My faith in Jesus Christ means that when I continue to gain stronger faith I better understand Him and His word. My faith in Jesus Christ means I will want and will help anyone I can in a time of need. My faith in Jesus Christ means that I will represent Him in all that I do. Last, but not least, my faith in Jesus Christ reminds me that He is the center of all my joy and happiness.

Written By:
Mr. Richard Jermaine Williams

I know you couldn't always give me everything you wanted to, but you gave me the things that counted and that's all that really matters, for you made our home a place rich in love and caring, a place of warmth and laughter and security, and that was the greatest gift, the most wonderful threasure, I could have asked for. So don't ever feel I lacked for anything and don't ever wonder if you could have done something more. The truth is that I had everything, because I had you to show me what love is every step of the way.

--Richie

I would like to dedicate this in loving memory of Richard Jermaine Williams who passed away in April of 1995.

Richard was a member of Tabernacle Baptist Church and a former member of the Junior Choir and Junior Usher Board. He was also a member of the Youth Bowling League and received several bowling awards and trophies for outstanding games of 256 and 278.

Richard will be missed dearly, and is thought of often. I would love to send a thank you out from all his family and friends who have helped out in the time of need.

We love you and miss you!

In Memory of Abraham Johnson

I had the pleasure of teaching Abe Johnson health and consumer math. He added much to class with his knowledge and positive attitude. That always present smile made teaching Abe a joy. Class was made enjoyable by the positive and witty comments he would make. Never a bad word was spoken out of his mouth about anyone. He loved telling stories about his family (he really loved his parents and brothers). Abe enjoyed life to the fullest. He never let his illness get him down. He never wanted others to feel sorry for him either.

His passing was one of the saddest days in my teaching career. The students and I cryed togerher. After a good cry, we reflected and laughed as we remembered how Abe added so much to our lives. He will always be remembered everytime I use the large yellow calculator we ordered for Abe. The marks on my door where the tray of his chair rubbed (going in and out) will always remind me of Abe. Abraham Johnson was loved by all and is deeply missed.

--Diane Tobias

In memory of Abraham Johnson....
It gives me great pleasure to have the opportunity to say a few words of bereavement to the family and friends of Mr. Johnson.
He was a great kid filled with joy and laughter in the eye of a storm, which made everyone who touched his short but sweet life feel the warmth that he had to give the world!
May you rest in peace.

In the recent years, the King Arthur Assembly has gone down in the history books of Arthur Hill as just another event. The same is so for this years court, but we as individuals of the court will take our own special memories. The King Arthur Assembly may have seemed to be like all the others, but this year's assembly was very different. For the first time in the schools history Snowball wasn't apart of King Arthur. Also the assembly was not run by Mrs. Wieland, it was run by The pom-pon team.

Some guys may give the impression that it really doesn't matter if they're a part of King's Court, but actually, they would feel good if they were a part of the court. I think it's just the want of being noticed by our peers. I, myself, am very proud of not only being on court, but being elected your King!

Bosnia

It seems as though Bosnia was the heart of the media this year. For us it was more than a regular occurence on Channel One. When President Clinton delivered his speech from the White House in December declaring that we along with other forces were sending forces to Bosnia, it finally hit home. When the United States gets invloved people start to care. Currently (when this was written February 1996) 21,000 of our troops are patrolling the northeastern American sector. The United States is NATO's largest contributer of Operation Restore Peace- eventually it will include 75,000 troops from 19 different countries. Combining all of the forces, 10 soldiers have died and 46 have been injured since NATO troops started taking their places last month. We all wish the best and hope that with the combined efforts of the world that we will be able to put a stop to the bloodshed in Bosnia.

Judge Lance Ito

The murder trial of O.J. Simpson ended. Not guilty. It took the jury less than four hours to reach a verdict in the sensational trial that lasted eight months. The jury of ten women and two men found that Simpson did not kill his former wife, Nicole Brown Simpson and her friend, Ronald Goldman in June, 1994. The trial twisted and turned through a maze of scientific evidence and dozens of expert witnesses. Judge Lance Ito presided over the trial in which Los Angeles Police Detective Mark Fuhrman's racial slurs and attitudes became one of the focal points of Simpson's defense.

After months of arduous negotiations and a tense last-minute flurry of crises and walk-outs, Israel and the Palestinians concluded a major agreement. It transferred control much of the occupied West Bank to its Arab residents. Palestine Liberation leader Yasser Arafat said the 400-page document spells out in detail, step by step and town by town the withdrawal of Israeli forces from much of the territory Israel has occupied since the 1967 war.

NEWS OF THE WORLD

Oklahoma Bombed!

Timothy McVeigh is a well-guarded prisoner. He and one other man, Terry Nichols, are charged with 11 counts in the bombing of the Alfred P. Murrah Federal Building in Oklahoma City. The Explosion on April 19, 1995, killed 169 people and injured more than 500.

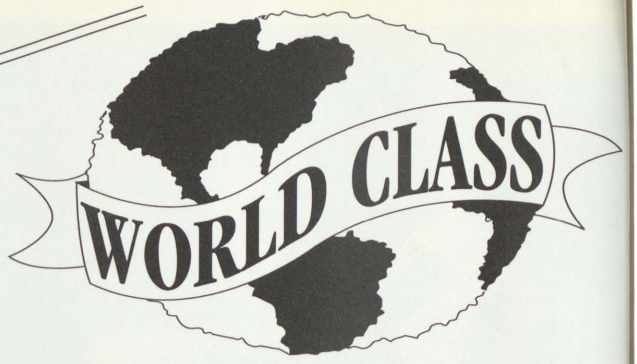

Baltimore Orioles shortstop Cal Ripken Jr. marched into the record books when he broke Lou Gehrig's record and played in 2,131 consecutive baseball games. Gehrig had held the record since 1939. Ripken broke the record on Semptember 6, 1995, and went on to finish the season having played in 2,153 consecutive games - - the last 70 of them without an error.

Miss Oklahoma, Shantel Smith, got an extra birthday present for her 24th birthday: she was crowned Miss America. But she had to share the attention. Swimsuits also took center stage as the television viewers voted overwhelmingly to retain the swimsuit competiton, keeping with 71 years of pageant history. Detractors of this part of the competition tried to have it eliminated.

The Richest Window Maker

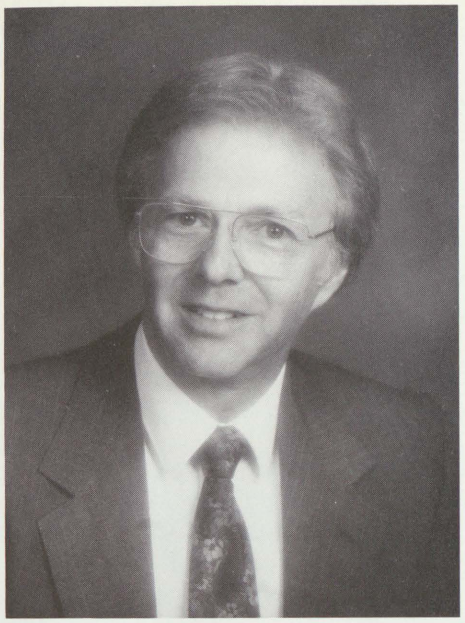

Bill Gates made computer headlines when he introduced Windows 95, the long-awaited upgrade to the Windows computer program. It was billed as revolutionary and innovative, and the musical group the Rolling Stones were turned into software pitchmen. Gates, the 39-year-old chairman of Micosoft Corp., was also crowned the richest man in the United States, with a net worth of about $14.8 billion.

Looks like Mr. Adams is having a pretty good day!

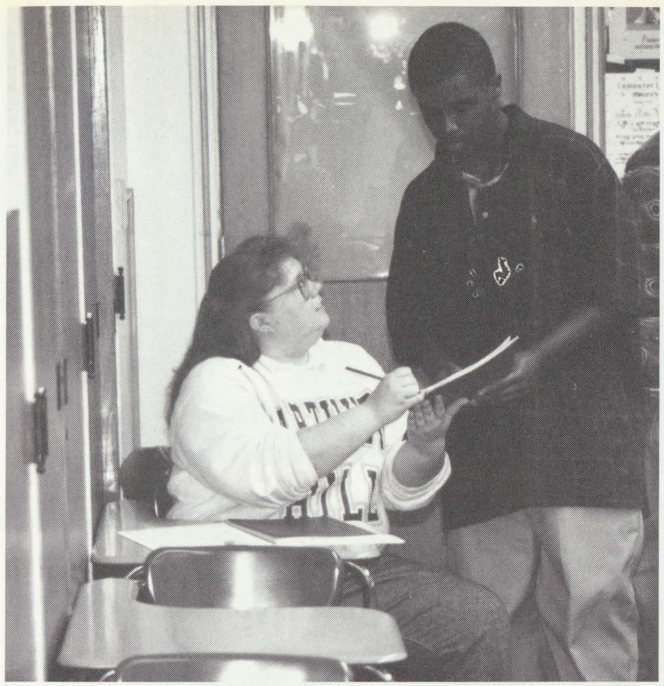

Mr. Sharpe takes a break out of his busy schedule to give us a big smile.

Mr. Paine hard at work doing his daily duties.

"Everything is just fine and dandy," says Officer Mike Thomas.

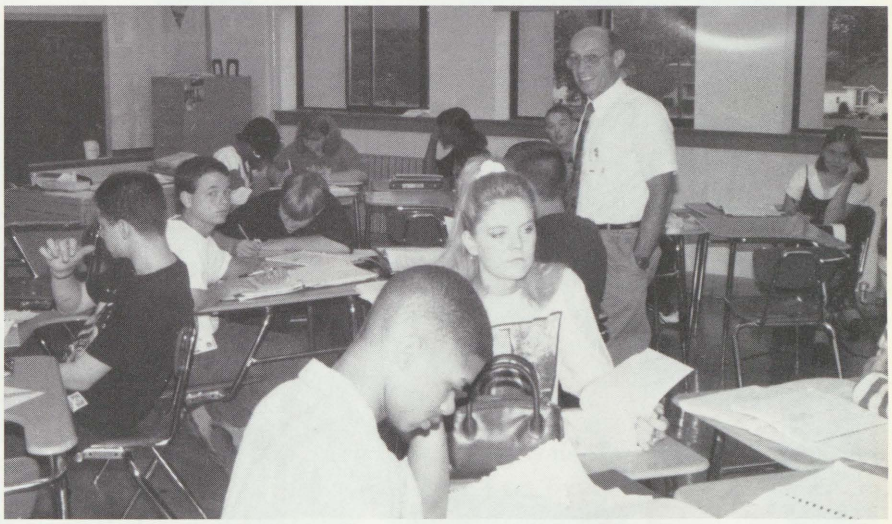

After a long fight over getting her picture taken, Ms. Sullivan was finally cornered when we slipped through the other door.

Mrs. Hammer sure is a giggly person in the morning.

In between hard classes, Mr. Whitney finds time to grab a bite to eat.

Mr. Bosco is the only one that thinks math is fun.

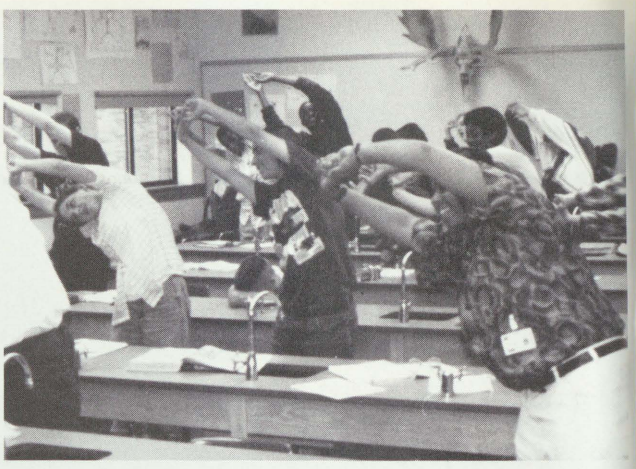

Kathi Andros sure can brighten a room with her great big smile.

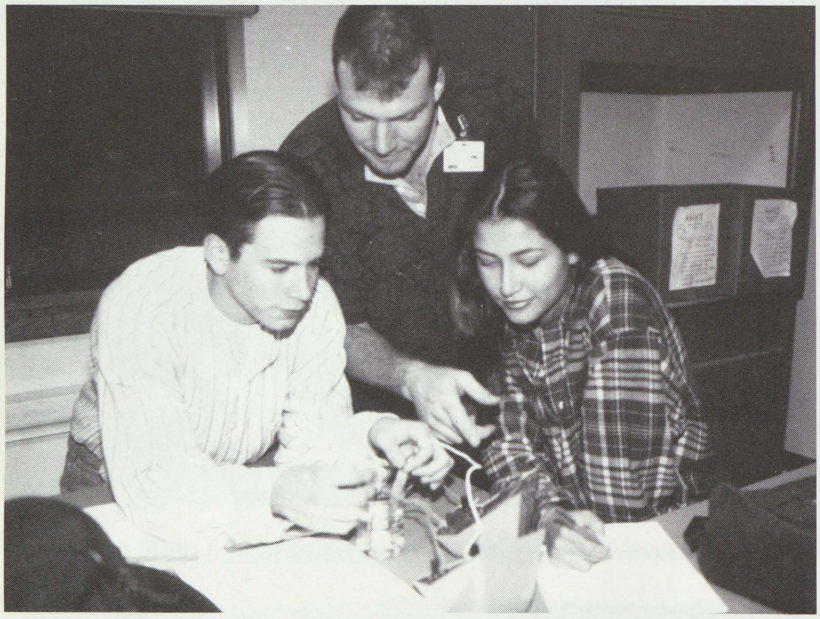

Left: Besides swimming, chemistry is one of Amanda Rivette's favorite pasttimes.

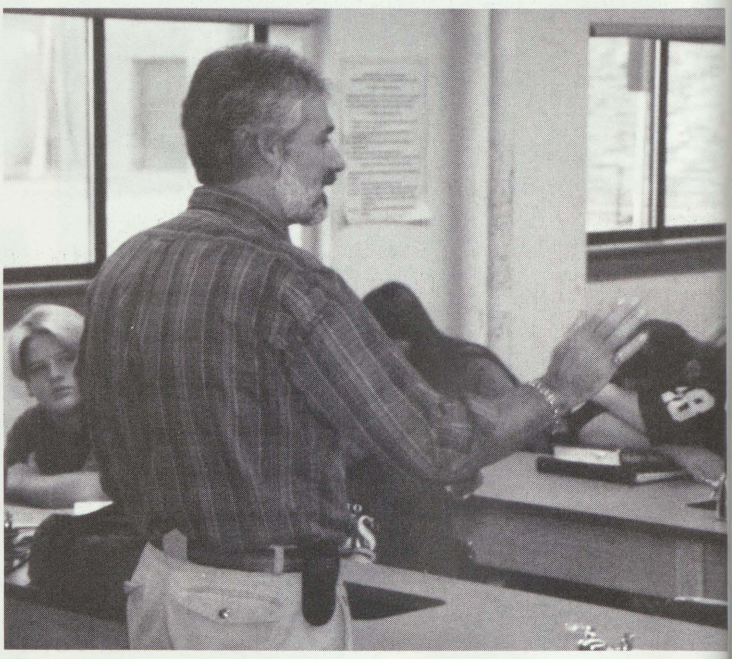

Right: Is this a science class or a gym class?

~~Science~~

Student teacher James Murphy helps out Sam Centellas and Alicia Velasquez with a lab in Chemistry.

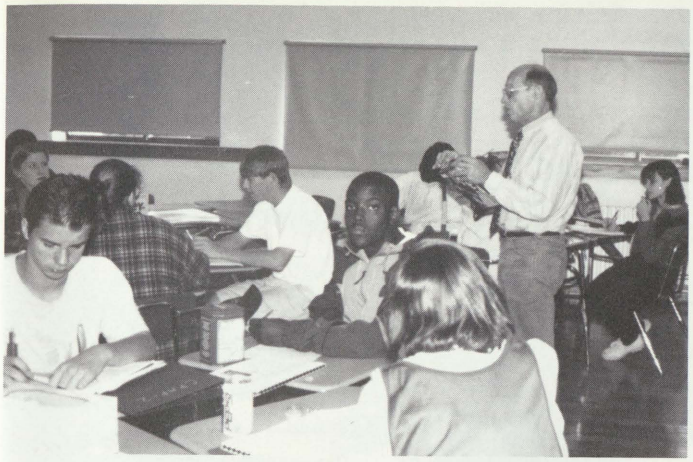

"Now pay attention class," says Mr. Pavlovich.

Math is nothing but a bag of tricks.

Mr. Enszer

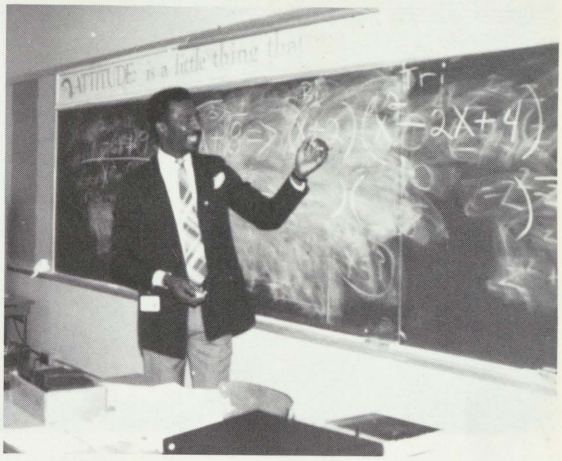

Mr. Garcia, Jenny, and Chad find this class very interresting.

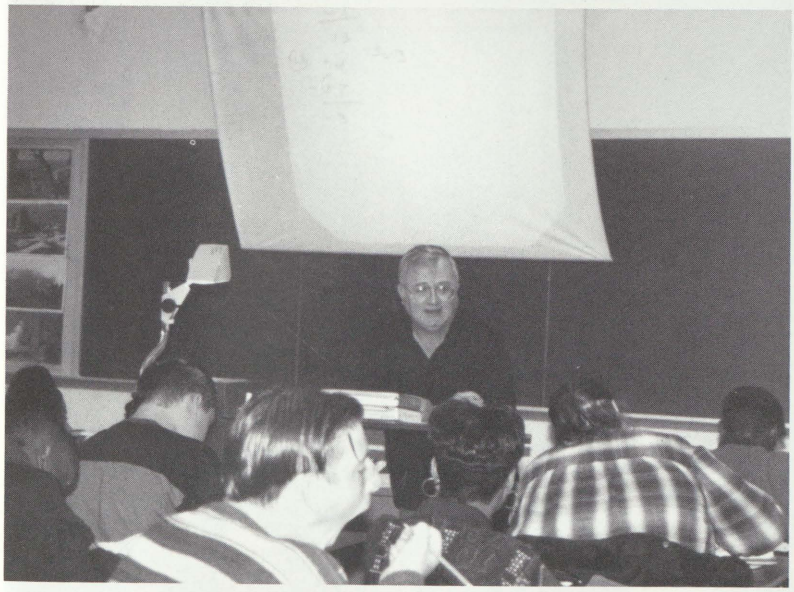

Left: Mr. Bosco has alot of fun teaching his classes.

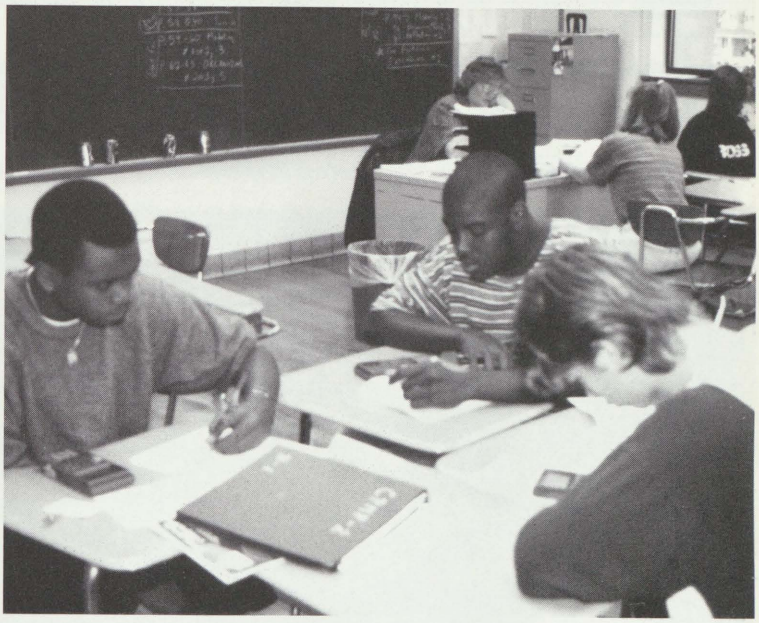

Right: Mr. Whitney just loves his job.

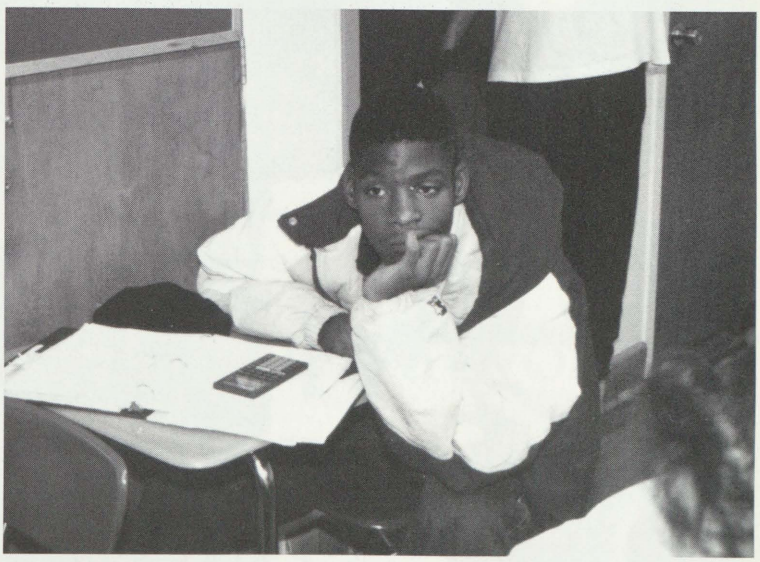

Math

What in the heck is Mr. Mosca teaching in his classes?

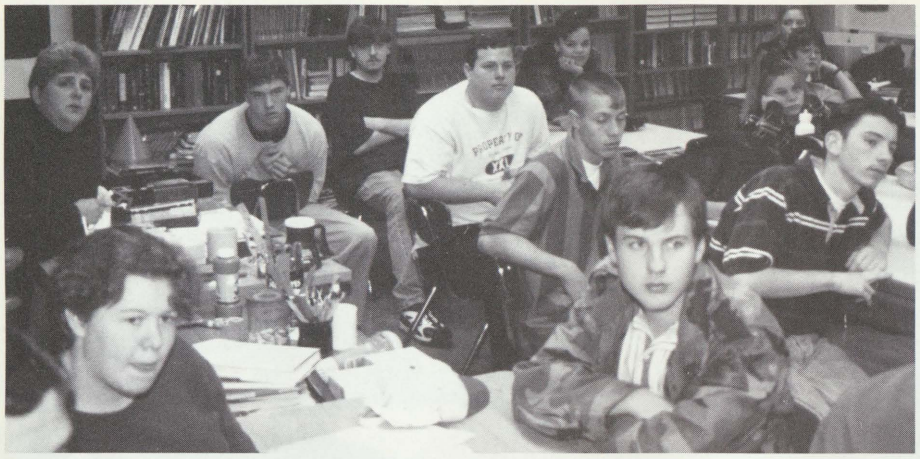

Group work is encouraged here at Arthur Hill.

Jamal Smith listens carefully on how to do the homework.

Too much alcohol, sober up.
Mr. Mosca

English

English is one of the favorite subjects of Roshonda Jacqmain.

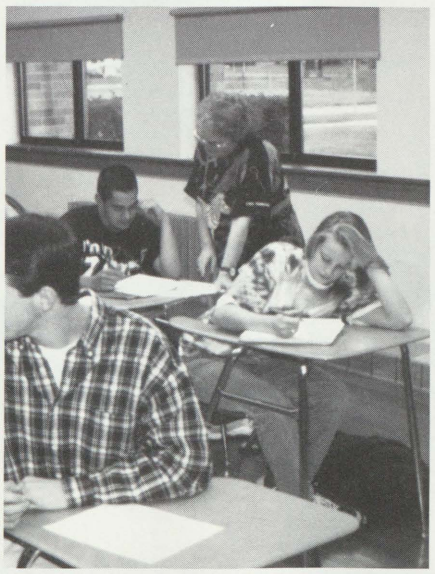

Freshman Chris LaPan takes a break at the end of his English class.

Mrs. Joy Walter teachers a sleepy first hour.

English teachers are faced with a special challenge, that of convincing students that it is relevant to take English for yet another time. They are charged with the task of demonstrating to students who are sure they have "been there; done that," that indeed they have not " been here," have not " done this." But these same teachers have the good fortune of dwelling in the wonderful land of liturature, amid the remarkable various faces of humanity.

-Ms. Smith

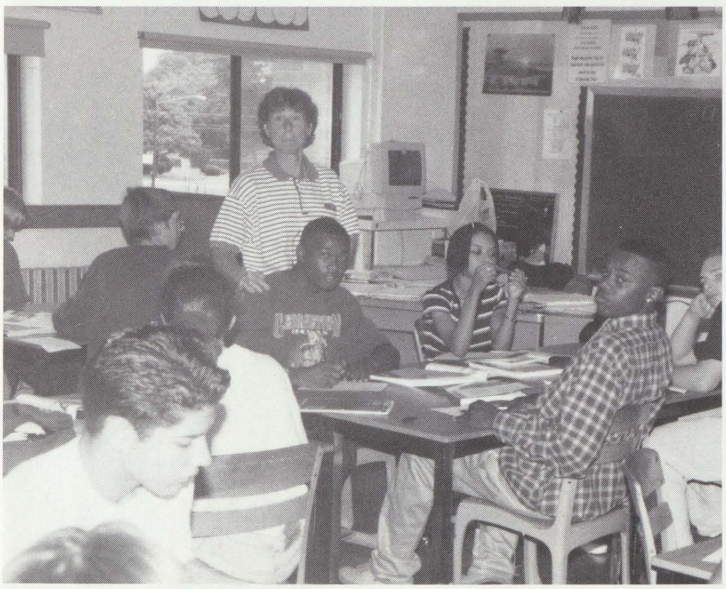

Social Studies

Above: Mr. Faerber's history class learns the essentials to help them in the future.

Below: Bob Orosz thinks history is number one.

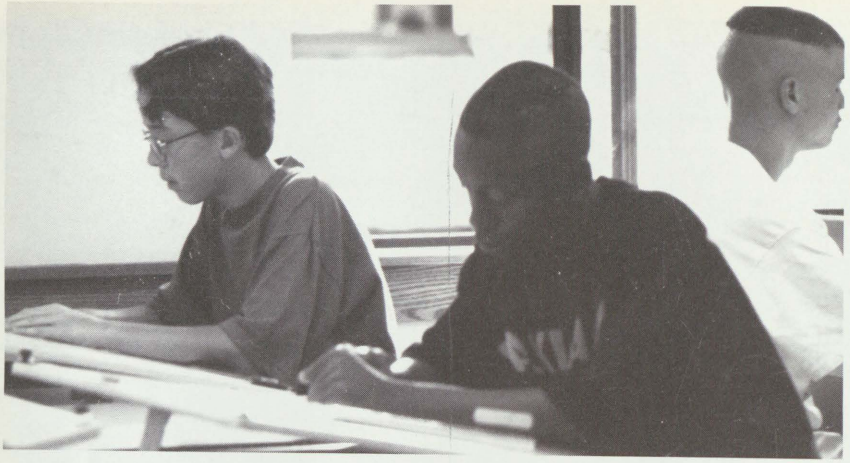

Ms. Tolley helps out her students in every way possible.

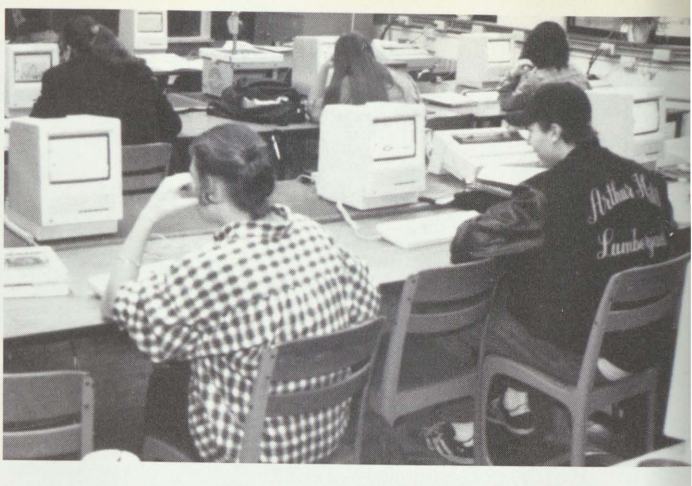

It's a work day, yeah it is!

Electives

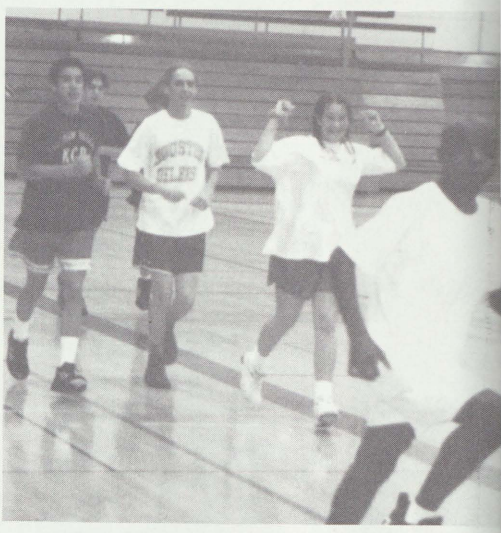

Above left: Drafting is one of the great electives here at Arthur Hill.

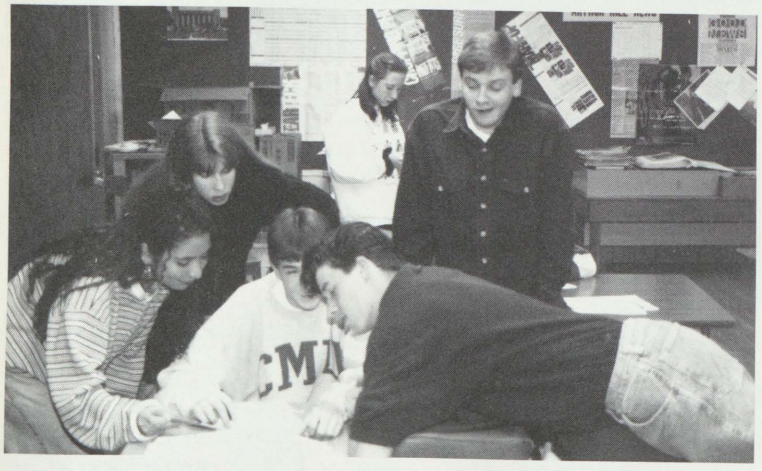

Above right: These students are getting in touch with the increasing computer world.

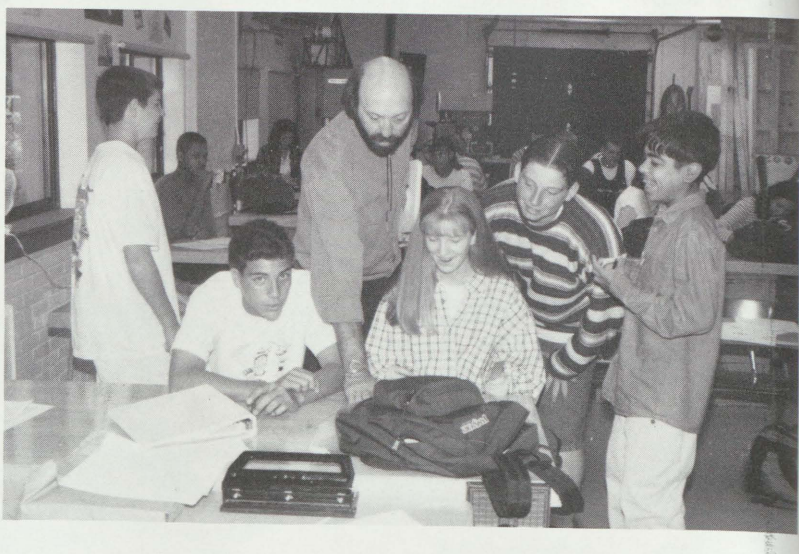

Bill Fortier works hard to get all his work done.

Right: Students jump for joy while they run in gym class.

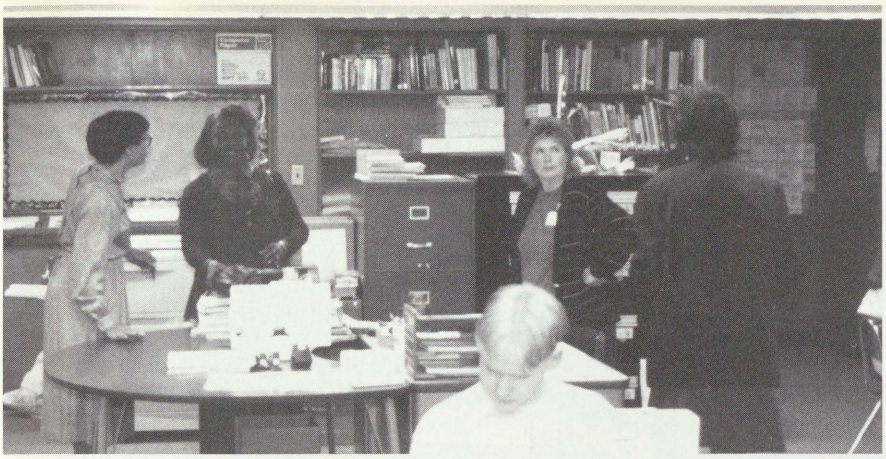

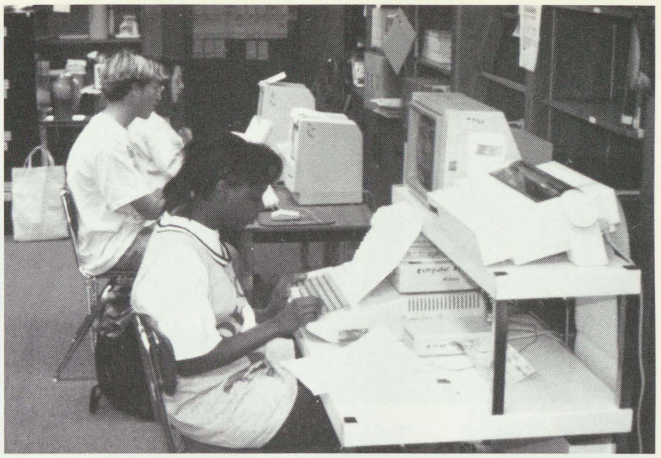

The Yearbook Staff is puzzled over the layout of a Chemistry book.

Mr. Granlund works with his students.

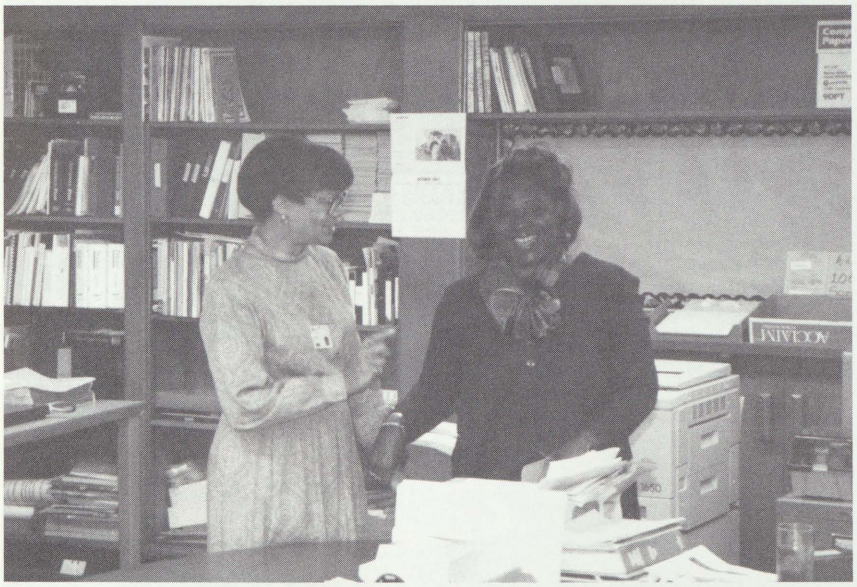

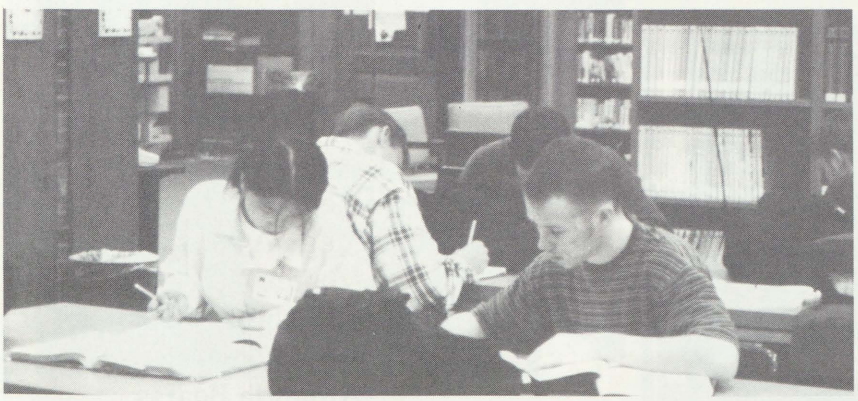

Media Center

Above left: The Media Center staff hard at work.

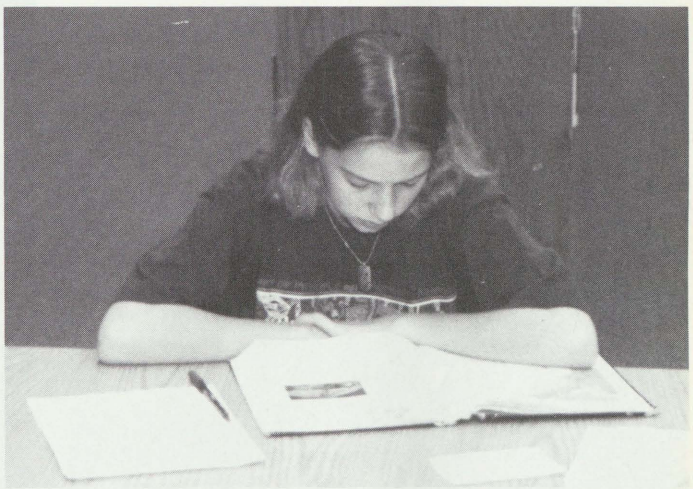

Below: Shannon Spitz takes the opportunity to study in the quiet atmosphere.

Mary Morris and Shirley Nuckolls discuss secret information.

Students ues their time in the Media Center to get work done.

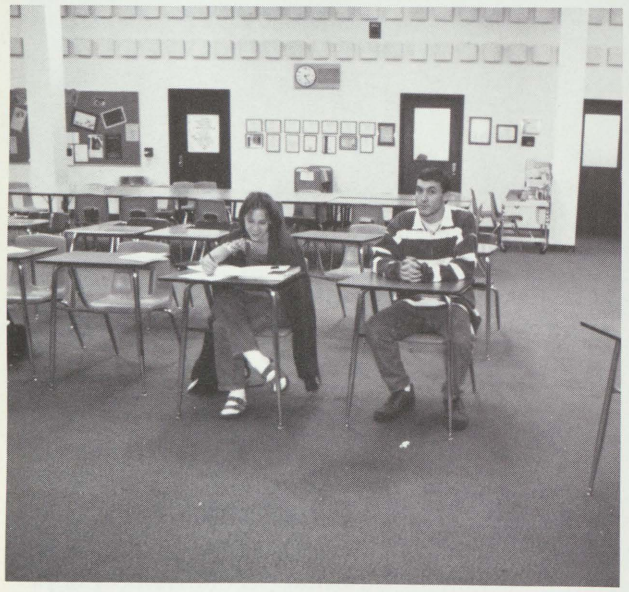

The teachers and students of Arthur Hill were introduced to the Dynix Scholar system by the Media Specialist Ms. Mary Morris and her staff, Mrs. Boone and Mrs. Dent. The Dynix Scholar is an online catalog that replaces the old traditional card catalog. The Dynix Scholar will impact the Media Center by giving students a chance to experience data base searches. This system will prepare our students for the 21st century as they graduate and go to college, enlist in the armed services, or enter the job market. It will also give teachers a chance to become more computer-literate as they embark upon the computerized CD programs.

The students are excited about the automation system as it replaces the card catalog. Our challenge will be to try to guide the students into the information area and try not to focus on plagiarizing their reports for classes. The Dynix Scholar system will enable teachers and students to search for books by giving either a keyword, book title, author's name, or subject. The system will reinforce reading and thinking skills here at A.H.

Suzanne Aldrich decides to teach the class.

CAS

Amanda Bearss and Peter Vertacnik go to the CAS for their large classes.

Angie Grillo and a student from another school (Kelly Shea) work on the floor. They decided that chairs would be too easy to sit on.

Thomas Kubik supervises the making of the stage floor.

The people at CAS have different opinions about the art class.

The C.A.S. is a unique environment where students are intent on learning and pursing their education in a department that intrests them. Dance, Language Arts, Visual Arts, Theatre, Voice/ Keyboard, Global Studies, and Math/ Science are the departments of study.

-Amanda Bearss

Wil Hare thinks saving a life is easy work.

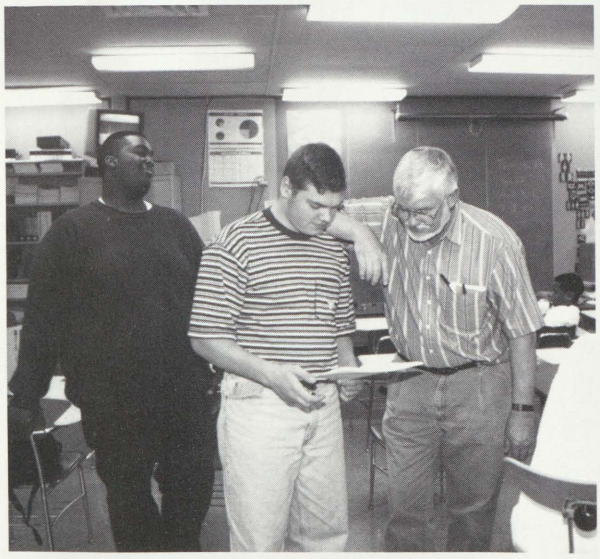

COC

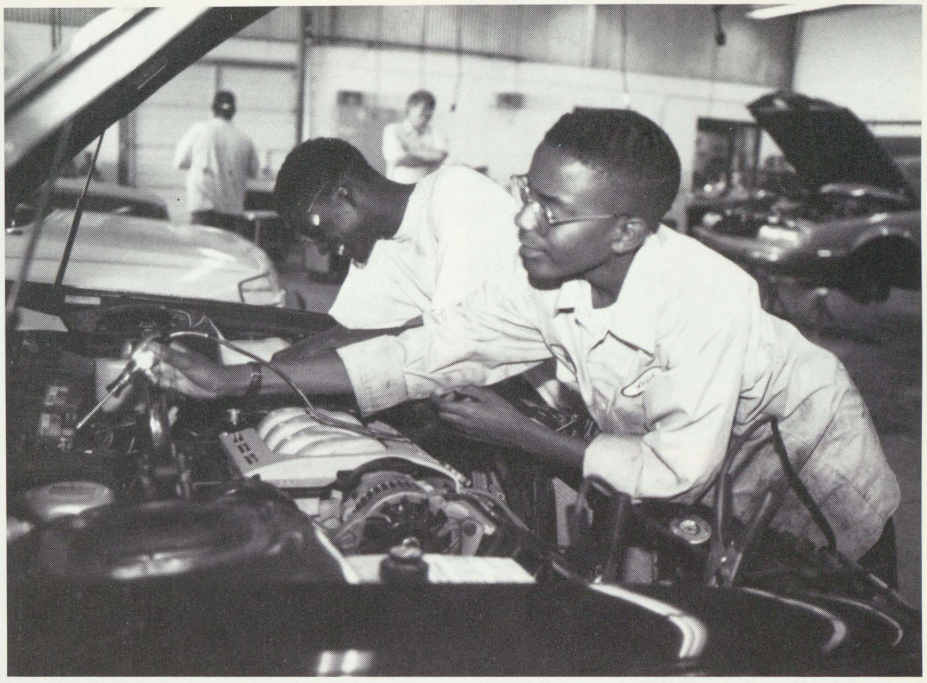

Programs at the Career Opportunties Center (COC) technical and special training for many Arthur Hill students. Classes ranging from aeronautics to law enforcement makes this center an exciting alternative to the normal school day.

Senior Lisa Lewis, who is in the nursing occupations class said," After I get through with this class I will become a qualified nursing assistant which will give me a good base for college."

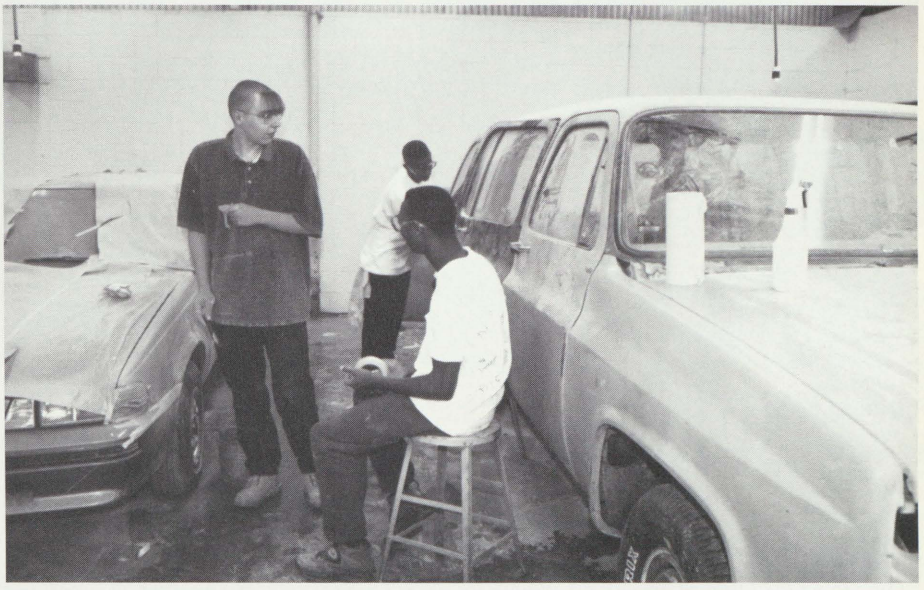

After attending these classes, students will have a better understanding of a particular subject they enjoy.

Complied by the Yearbook Staff

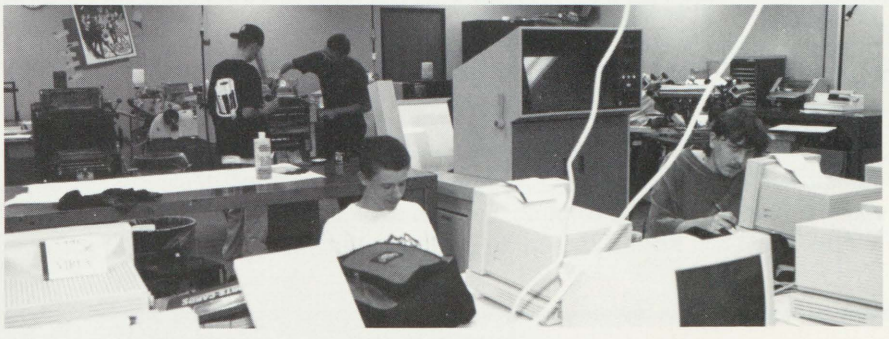

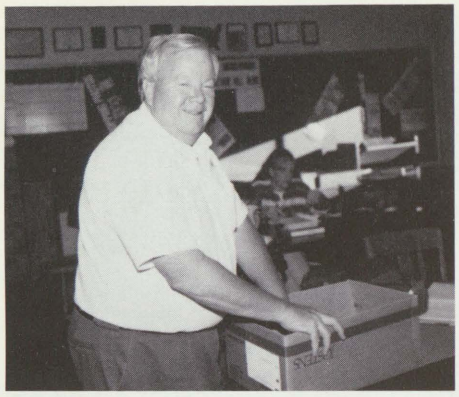

Off the field, Saginaw High and Arthur Hill can work together to accomplish anything. James Buford (left) finds this job amusing .

This years Arthur Hill Legenda was brought to you by seventeen very talented students. Mr. Mott, the head master of this years yearbook staff, carefully selected the few to be in this wonderful, funfilled class. This years staff worked very hard to make this yearbook one of the best here at Arthur Hill. The staff hopes you enjoy it cause they enjoyed making it for you.

Standing (l to r): John Kramer, Glen Roe, Brandy Weishuhn, Peter Vertacnik, Amanda Hartung, Krystal Miller, Alicia Warrington, Cameron Fila, David Waters, Crasha Perkins, Mr. Procuro, and Justin Engel.

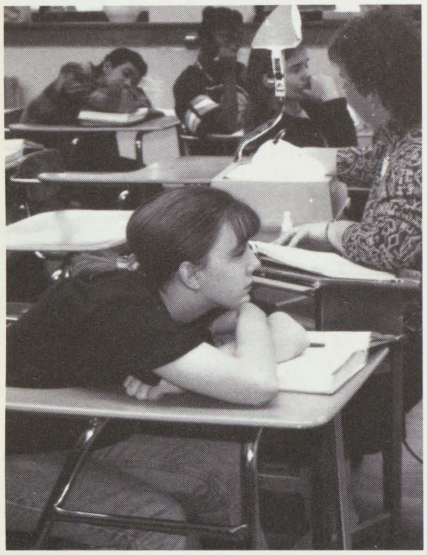

The award winning Arthur Hill News continued it's tradition of excellence again this year by producing one of the best high school newspapers in the state. The class met fourth hour and distributed papers to the student body approximately every four weeks. English and journalism teacher Patsy Procuro advised the totally student produced paper, and Student Council President Andy Coulouris served as Chief Editor. With lots of promising underclassmen writers, it is easy to see that The Arthur Hill News will continue to hold its reputation as a paragon of journalistic achievement.

All Eyes on Us

1996
Foreign
Exchange

Henrique de Souza

Hi, my name is Henrique. I am 18 years old, and I am from Brasilia, the capital of Brazil.

Before I came to the United States, I was very excited and curious, and I had a lot of dreams. I thought a lot about my future host family and new friends, and my school life here in the U.S.. I think that I am very lucky because everything that I dreamed has happened. I LOVE IT HERE!

In Brasilia I lived with my Dad, Mom, two brothers and grandma, and I have a lot of friends, some of whom were evchange students too. My curiosity about the American culture and my wish to learn English are what made me choose the U.S.

I am very happy here, I am having a lot of fun, and I am also learning as much as I can.

The Jaime Family is my host family and they have been everything that I dreamed. (Thank you, Jason!) My new friends have been very friendly. The guys on the soccer team, for example, are very accepting of foreign players, some of them are now my friends too.

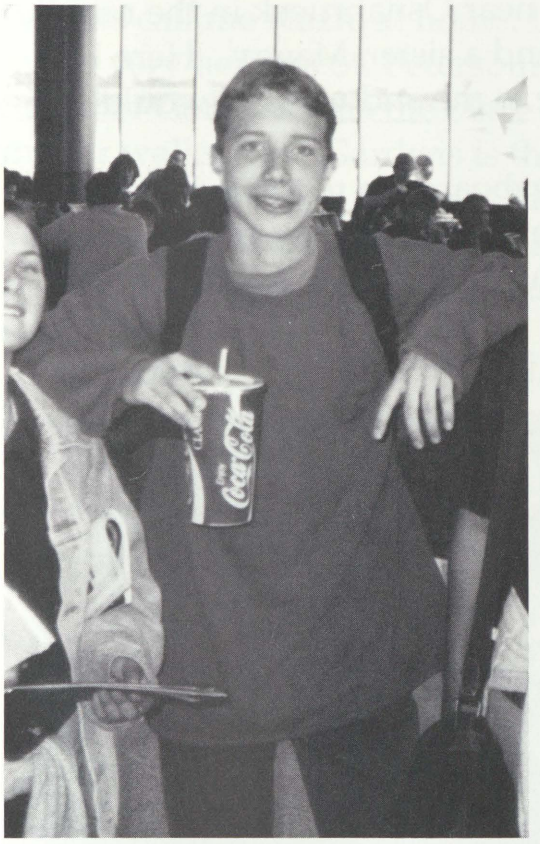

The teachers have been important also, like Mr. Garcia and Miss Sullivan. They are nice, and I am very grateful for their help and patience with me.

The U.S. and Brazil are great places to live. We have some differences about our culture and the school too, but nothing that really shocked me. I am not even homesick, although sometimes I miss somethings, such as going to nightclubs and discotheques. I go there with my friends because it is not prohibited there. The main difference in the school is that we cannot choose our classes; we have 12 subjects that we study every year. Also, the students do not change classrooms, the teachers do. Another thing that is different here is the organization and support for the sports. We do not have that in Brazil.

It will be hard to leave everybody here, and I would like to say that I feel lucky to have lived here and to have had this experience.

Thanks....Henrique

Michel Schwarzmayr

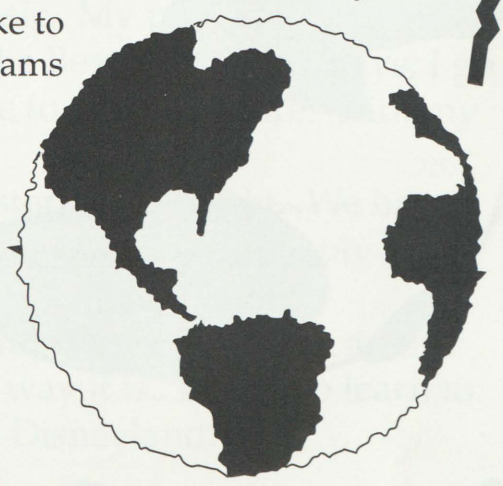

Hi! I am Michel Schwarzmayr, the unpronounceable foreign exchange student from Germany. On the soccer team I am better known as "Michelob". In Germany I live in a suburb of Hamburg, a city with about 1,500,000 inhabitants.

I have now been in Saginaw for six weeks with the Mason Family, and up to now, my trip to the United States has been wonderful. My host parents and my host brother are very nice to me and we have already had a lot of fun. I am very thankful that they are letting me stay a half year in their house. They do a lot of things for me and they have made this probably the biggest experience of my life.

I have already found some new friends at Arthur Hill High School. I have met three other exchange students and we get along with each other very well. My new friends are not only from America, but from other countries as well. I think this is a good time to thank all the students and teachers that have helped me understand the school work.

Life in Germany is much different than life in America, especially school. In Germany there are different schools for intelligent and less intelligent students. Our school day is much shorter than the American school day. We don't eat lunch at school and we don't have the same lessons in the same order every day. We also have about twelve different subjects instead of six, but we do not have that much of a variety of activities at school. One can't say that German schools are better than American schools or vice versa, because both schools have advantages and disadvantages. So one can only say that American and German schools are very different.

I love mostly all kinds of sports, especially sports where one uses a ball. So my favorite sports are tennis, soccer, and basketball. But I also like to watch baseball or football on TV or at school. One of my dreams while staying in America is watching an NBA game live. Perhaps this dream will become true when the season starts.

I play soccer for the Arthur Hill Varsity Team. In Germany, we think of American sports as football, baseball and hockey, but not soccer. Soccer is the most popular sport in Germany. We don't expect Americans to play soccer but I think soccer in America gets more and more popular since the World Cup in 1994. When I go back to Germany, I will miss the "Go Lumberjacks". But that's not the only thing I will miss. There is so much more.

Leonard Schmieding

Hi Lumberjacks!!! I am Leonard Schmieding, one of the five foreign exchange students you have at Arthur Hill this year. I come from a small village near Osnabrueck in the middle of Germany. With my family there I have one brother, Max, and a sister, Maggy. Here I am staying with the Burger family in Kochville, who is super nice to me and whom I would like to thank at this time.

My hobbies are music and sports. I play all kinds of keyboards in my rock band called Dragonfly (demo tapes available). I also play the piano in the big band of my music school. Therefore I am looking forward to playing in the Jazz Band during the second semester of this school year.

For sports, I play tennis and volleyball. In spring I will join the tennis team and in winter I will play volleyball at the Y.M.C.A.

In my school in Germany, the gymnasium, named Freiherr-vom-Stein Gymnasium (in Germany the Gymnasium is a school type, not a sport hall like here), I am in the school council. My school is three times smaller than Arthur Hill and totally different from the American High School. For example, the rules are not so strict in Germany: we do not have ID cards and hall passes.

We do not have such a big variety of sports teams like basketball, tennis, football, etc. We only have a pretty good Athletics team. Therefore, I am looking forward to going to all the different games.

I would like to thank YFU, my exchange program. It was fun applying to it and already a great experience preparing for my stay here in the United States. Since people are very friendly here, everything is so exciting and it is a great pleasure to be an exchange student here in the U.S. So whenever you get a chance to become an exchange student, go ahead and do it!!!

Kuzma Vinogradov

My name is Kuzma Vinogradov. My parents call me Kuzie at home. I was born in the very heart of St. Petersburg. The Summer Gardens was the place they took me for walks. The Gardens is the chief park of the city. The center of the city and all the monuments found there are dear to me. There is a sculpture of a Russian fable writer, Ivan Krylov.

St. Petersburg was founded in 1703 by our king, Peter the Great. He named it not for himself but for St. Peter. Peter the Great wanted to have a better relationship with other countries on the Baltic Coast. The city changed its name three times. Before the Revolution, it was the capital of our country. One of our kings, Alexander the Second, did not like foreign words in the Russian language, so he changed the name St. Petersburg to Petrograd. After the Great October Revolution and Lenin's death, the people called our city Lenningrad. Now we have changed back to St. Petersburg.

My mom is a doctor and my dad is a sculptor. Since my birth, I have among beautiful things. Perhaps this factor has greatly influenced my activities. Then, we moved to a new area in the outskirts of the city. When I was six, I had an accident which took part of my eyesight.

At school, I like history, literature, and English. I especially like writing and translating poetry. I love to read. My favorite writers are Dickens, O. Henry, and Bulgakov. I am fond of music. My preferences are classical, jazz, and the Beatles. On Sundays, I go to the Hermitage to attend lectures with my friends.

I have a sister who is eight. We have pets: a cat and a little dog. We simply adore them.

I want to improve my English and to see America the way it is. I want to learn to swim and to see Disneyland.

Rebecca Wyss

Hi! My name is Rebecca Wyss. People here usually call me Becky. I am 17 years old and I come from Switzerland. Switzerland is a very small country, about the size of Connecticut, Rhode Island, and Massachusetts combined, with a population of about 6.5 million. There are four official languages: Swiss German, French, Italian, and Romansch. Of each language exist different dialects. Politically it is divided into 26 cantons (states), geographically into four areas: The Alps (where I live), the pre Alps, the Great Valley, and the Jura Mountains. But even though there are many differences, we all feel as Swiss. Our country has one of the oldest democracies in the world (the Swiss Confederation took place in 1291) and in the World Wars I and II it was able to maintain neutrality

All over the world Switzerland is known for its cheese, chocolate, watches, Army knives and snowy winters, as you may know. The Swiss school system varies from canton to canton. I go to a half private, half public high school. Some of the students live in dorms on the school campus. Some of them come from all over the world. One of my best friends is Canadian and grew up in Toronto. I like that most of my friends live in dorms because we are like a big family, much closer than it would be otherwise because we spend more time together.

I live with my mother and my two sisters. My parents are divorced, but I see my father quite often.

I wanted to bacome an exchange student because I wanted to improve my English skills and I wanted to learn more about another country. I have always been interested in the United States, like almost every teenager in Switzerland. We think that the U.S. is just great. And it is! I love it. Even if I had a hard time the first two weeks. Everything was new and different and it was very stressful to me. Sometims I miss my family and my friends. But all the time I get to know someone new and wonderful. And my host family is great. I love them. Thank you for everything, especially Mom and Dad!

This year is a great experience for me. I learn so much, for example (Henrique!!...) I am learning how to dive. I am on the all diving team. I enjoy it very much!! Thank you Coach McIntosh and Coach Bray!

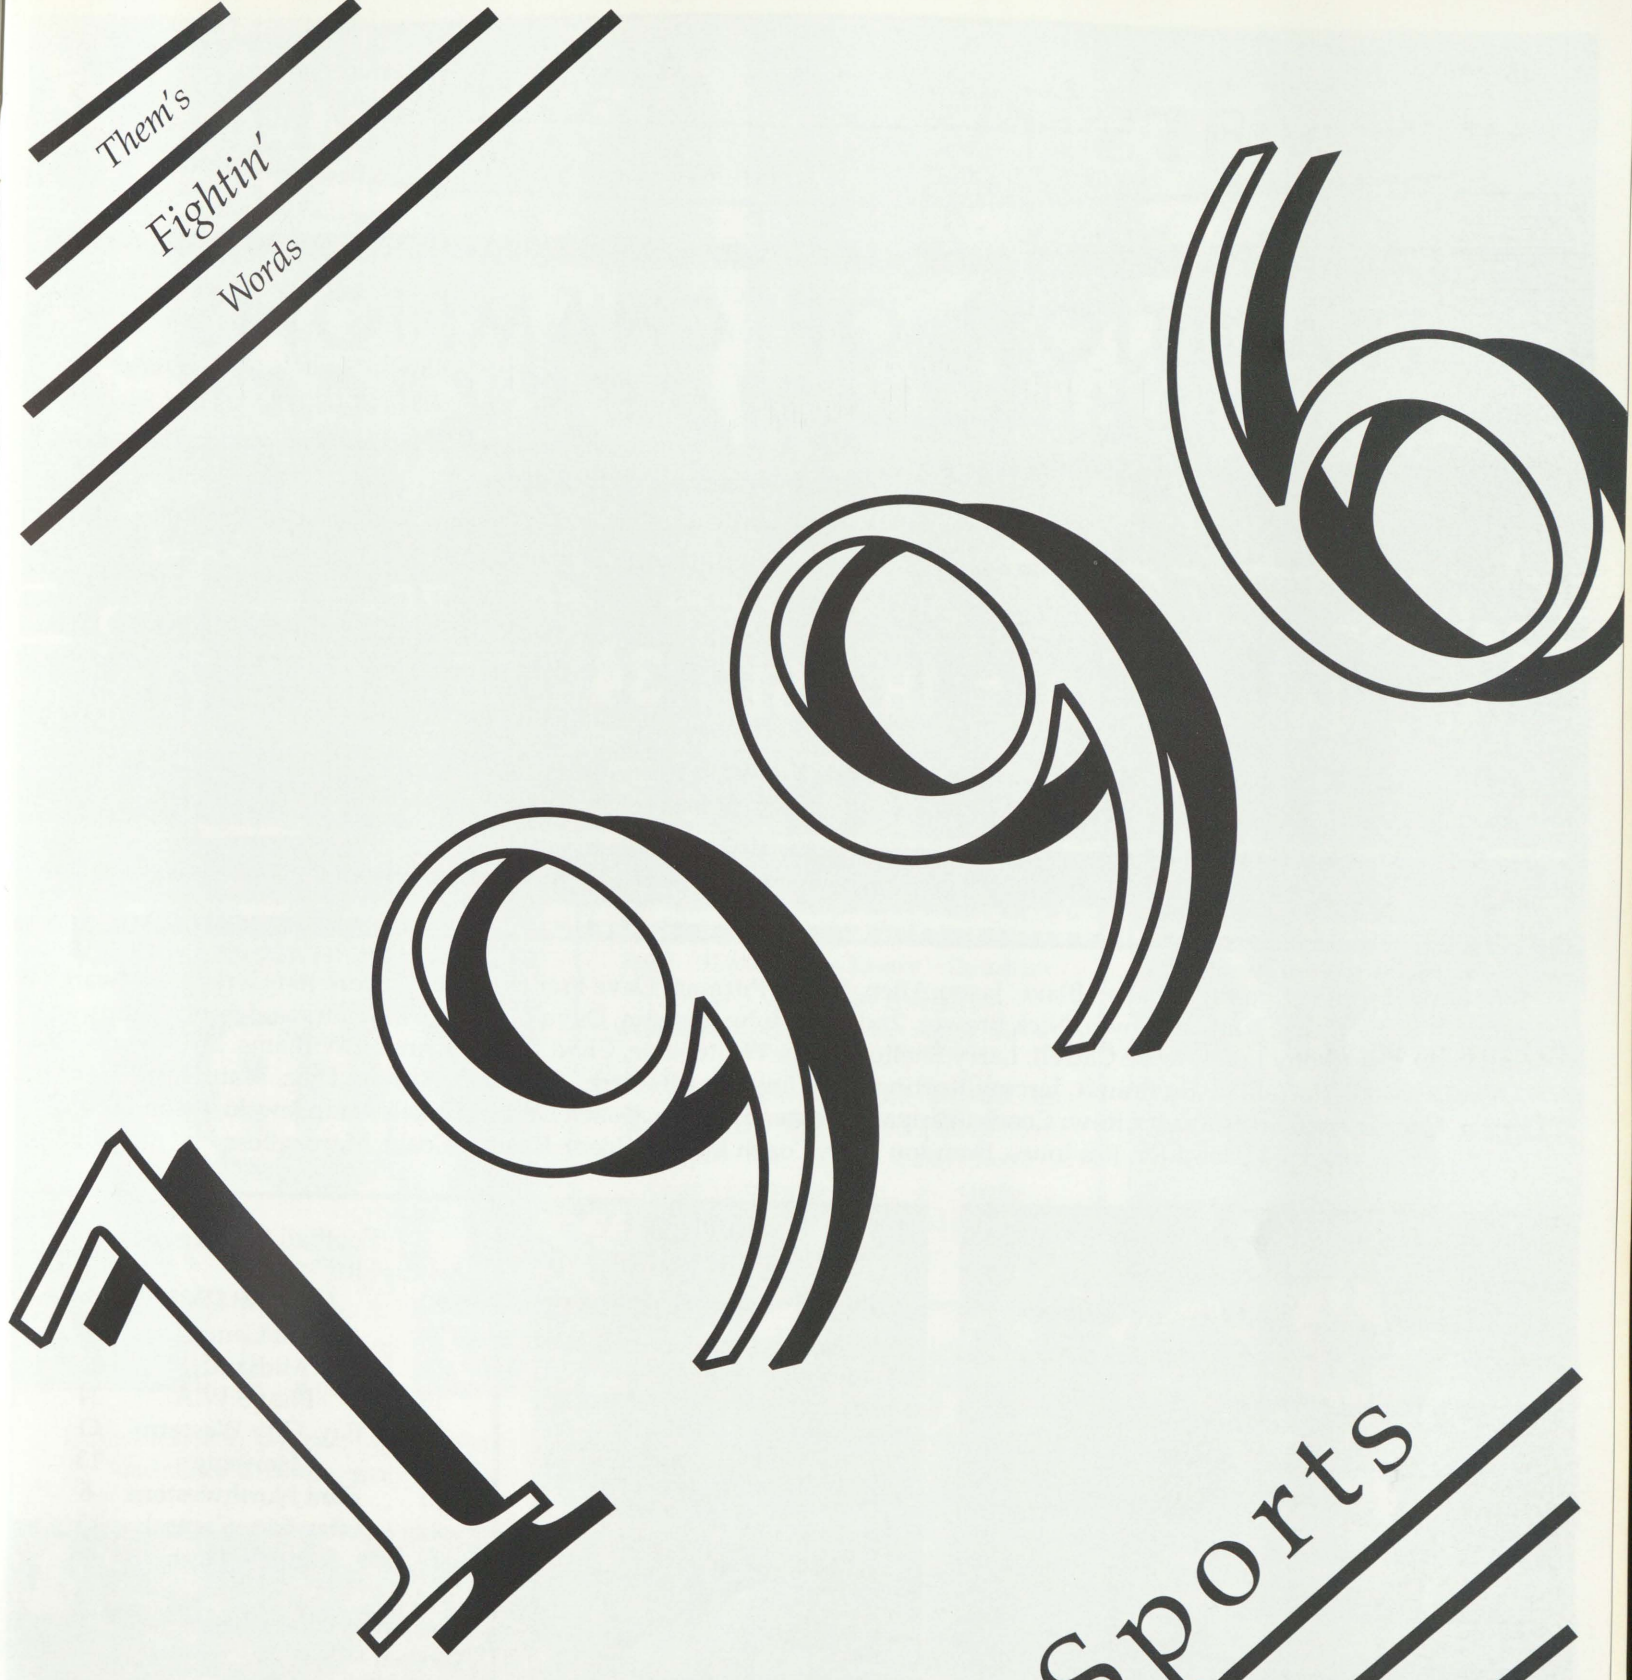

I love the U.S. Maybe I will come back to live here. I do not know for sure yet. But I know that I will always be split between Switzerland and the U.S. because I love them both.

Antwan Williams breaks one of many attempted tackels during the long season.

Torie Wilson wrestles with an opponent for a fumble that could be the difference in the game.

Dave French gets a rare look at the sidelines during a game.

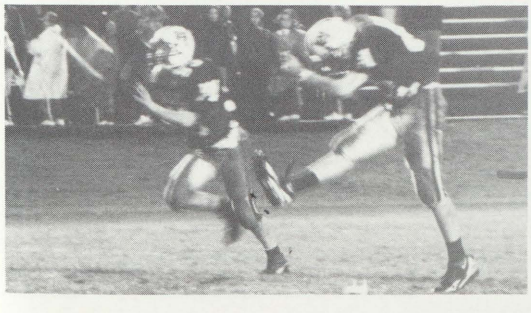

What a year! That sums up the enire football season for this year. Winning six times as many games as last year, any one can say that this year was a great year.

The Jacks were led by captains Torie Wilson and Jeff Gerken. Their leadership and inspiration launched the team onto new heights.

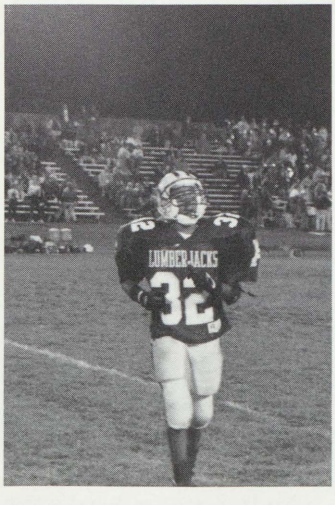

Coach Eurick was proud of the team this year, and he should be. The team next year should be a little faster and probably a little better.

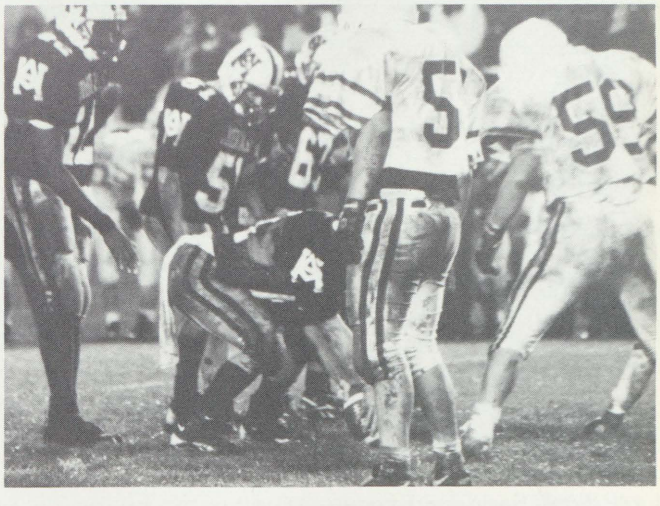

Anthony Louis looks to hand the ball off.

Nate Brown with a monster kick off.

Shannon Williams, high stepping.

The Jacks line up to run a series of plays that will lead to another touchdown.

J.V. Football

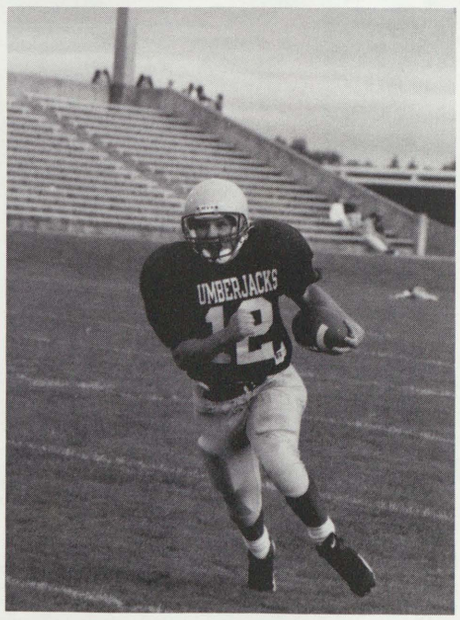

The J.V. football team lived up to all their expectations this year. They played their herats out to an eight and one season. Many of the sophomores on the team hope to move up to the varsity team next year, making it stronger and faster.

Experience was the key to the success this year. With the guidence of captains Matt Foster, Isaiah Jaime, and Jeff Sauer. The team also had a boost from two exchange students; Henrique de Souza and Michel Schwarzmayr.

The team surprised every one but thmselves when they made it to the regional finals in the playoffs. Speed and determination were the things that boosted the team by their opponents. They would never give up, that is why they had a successful season.

Cross Country

Front Row From Left to Right: Mindy Premo, Sue Bedore. 2nd Row: Jennie Henry, Lisa Haas, Nora Provencher, Katie Hollingsworth. Back Row: Steve Provencher, Heath Hallead, Ashaki Presely, Coach Ray Hollingsworth.

Our cross country team did well this year, despite the handicap of not having enough runners. If the team would have had the minimum number of participants, the season would have looked better on paper, but not in the hearts of the runners. The team banded together to turn around a potentially disatrous season.

I feel that hard work and dedication should be the motto for the team this year. They really pulled together and made a great season out of a dismal one. The members will be able to look back on this season with pride and say, "I tried my hardest and I know that I did well."

James Riggs and Katie Hollingsworth leave all their opponents looking at the backs of their shoes.

If a person would add the total number of wins from the previous two seaons, they might equal the number of wins this season. The team put their noses to the grindstone and came up with a record setting season.

A mix of senior leadership and freshman aggressiveness is what led this team thru their spectacular season. Once personal differences were set aside, the team came together and, well, began kicking some butt.

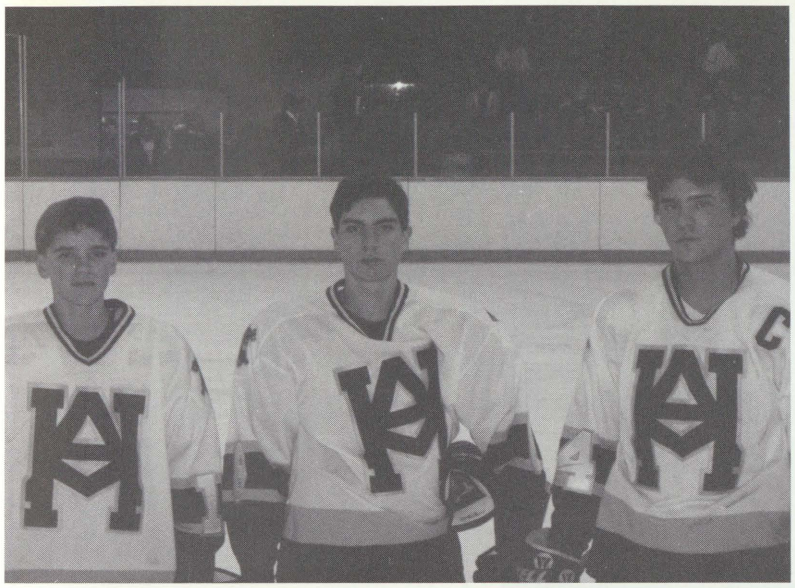

Captains, Mitch Ray and Joe Langschwager, prvided the team with a potent offense and a tenacious defense. Their dedication and consistency spurred the team on and inspired leadership for the future teams.

National Honor Society

1995-1996 National Honor Society

President.....Alissa Raasch
Vice President.....Danielle Stoddard
Secretary.....Joseph Langschwager
Treasurer.....Kathryn Shelley
Sergeant-at-Arms.....Jeffrey Gerken

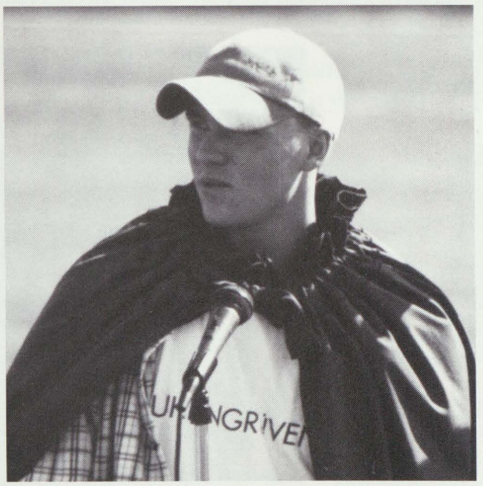

This year was a time of trial and error for the National Honor Society. There were some bad and good times that tried everyone's nerves.

The NHS was a part of many activities this year. They donated $200 to the Student Council to help provide recycling bins for the entire school. They held a door-to-door food drive which ended up giving more than 100 items to the First Presbyterian Church's Good Neighbor Mission. With the help of a couple dedicated candidates running the show, the NHS ran an icecream sale for MDA which will probably still be going on when you have this yearbook in your hands at the end of the school year. In March it had already raised a total well over $300. Along with this raised money, a donation of $100 will be given out of hard paid dues to the MDA as well.

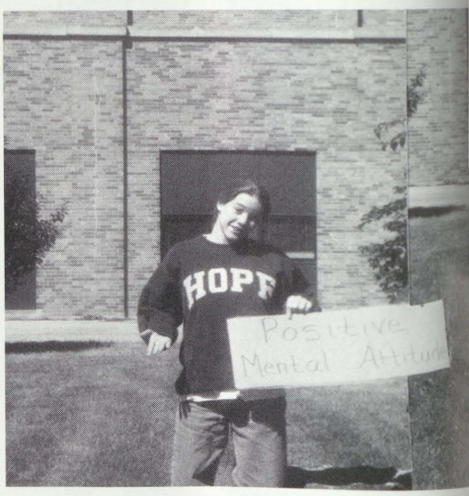

The NHS went under some changes in the attendance category that proved to be beneficial in many ways. Before this year, there were warnings after three absences, but nothing was really done. This year, group hours were subtracted after absences. Because of this, more candidates took it on themselves to make sure they attended the once a month meetings. Despite the complaining, these changes were only for one benefit: to make people realize that the NHS is not just something to add on an application, but a privilege and an honor to be a part of. A congratulations and a job well done is given out the NHS for a job well done!!

President Alissa Raasch and Vice President Danielle Stoddard show their serious sides when it comes to the National Honor Society.

Secretary Joe Langschwager takes time out from writing meeting minutes.

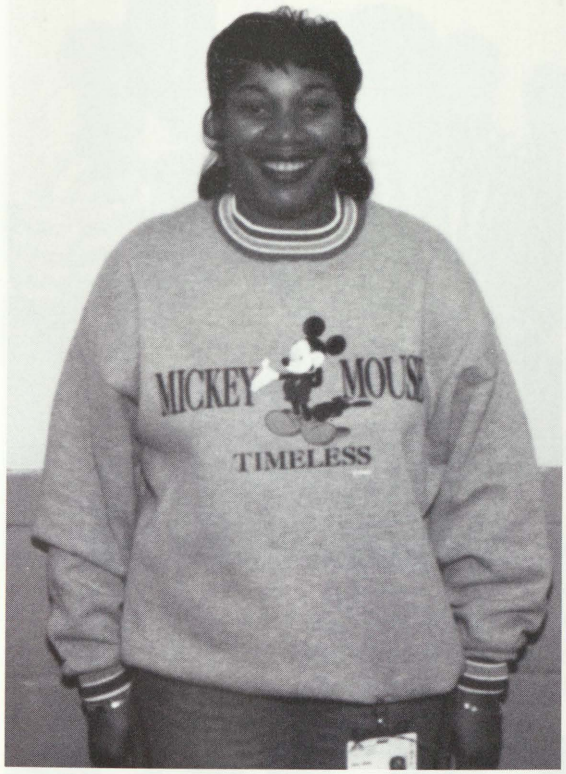

Treasurer Katie Shelley knows that you need great positive mental attitude to be in NHS.

Sergeant-at-Arms Jeff Gerken keeps watch during a meeting.

Mrs. Coleman

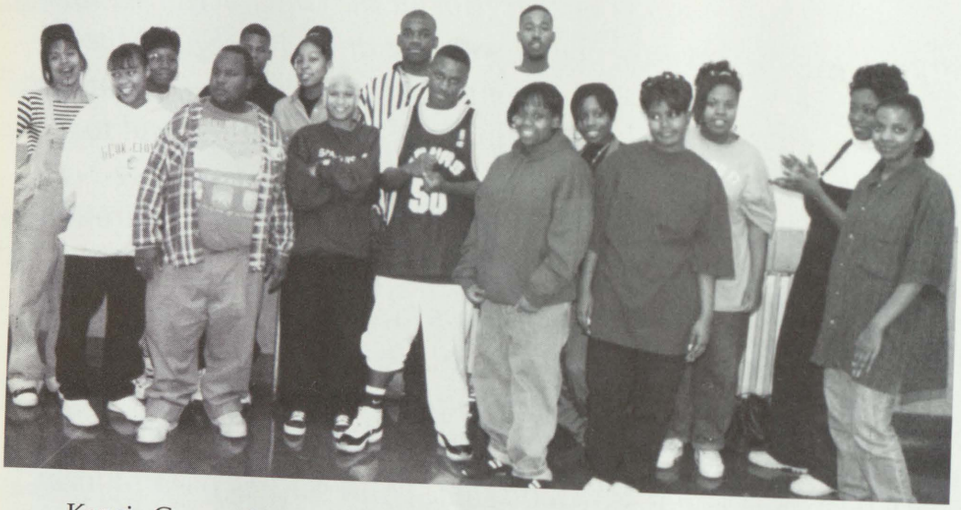

Mrs. Coleman is in charge of all the clubs, activities and organizations that take place here at Arthur Hill. She is the REAP (Recreational Enrichment Academic Program) organizer. Her responsibilities are: to form clubs and activities, and to make sure students have extracurricular activities during school. She becane the REAP organizer by first going through the Board of Education, the REAP Program, and finally the school district. Eventually she was hired to participate in REAP. She has been in charge of these clubs and organizations since January of 1995. Although there are a lot of club and organizations here at Arthur Hill, Mrs. Coleman is not yet satisfied. She is not sure why some clubs she has tried to form have failed, but she is not giving up. She plans on handing out surveys to students to see what interests they have in order to get more students involved. One example she hopes to start is intramural sports here at Arthur Hill.

The yearbook staff would like to send Mrs. Coleman a special thanks, job well done, and good luck in the future.

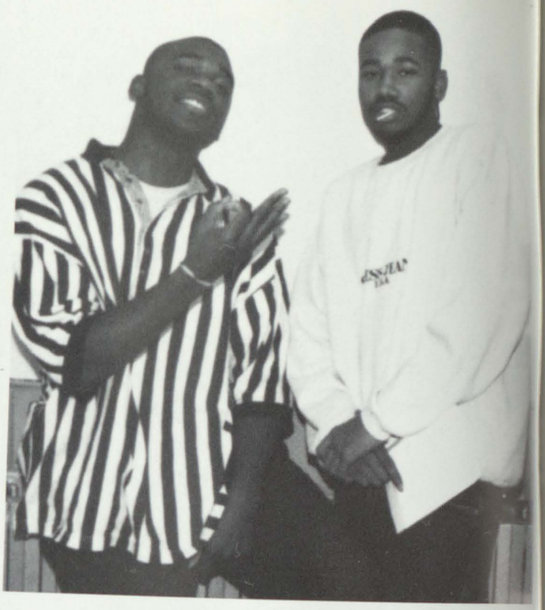

Mrs. Coleman tries her best to bring out the best in each club that she organizes by giving fund raisers, entering clubs into local contests, and doing things for the community. Here are the clubs, organizations and activities that Mrs. Coleman devotes her time to.

Arthur Hill Network News

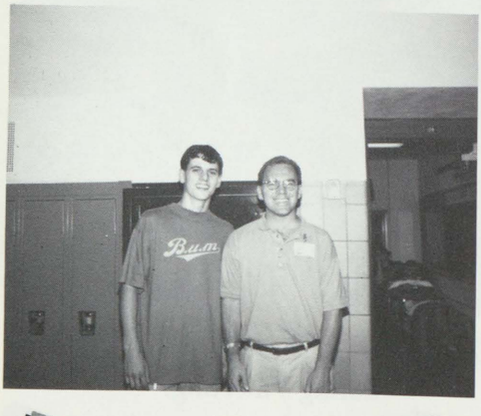

By Professional Photographer Hilary Felsing

By Professional Photographer Hilary Felsing

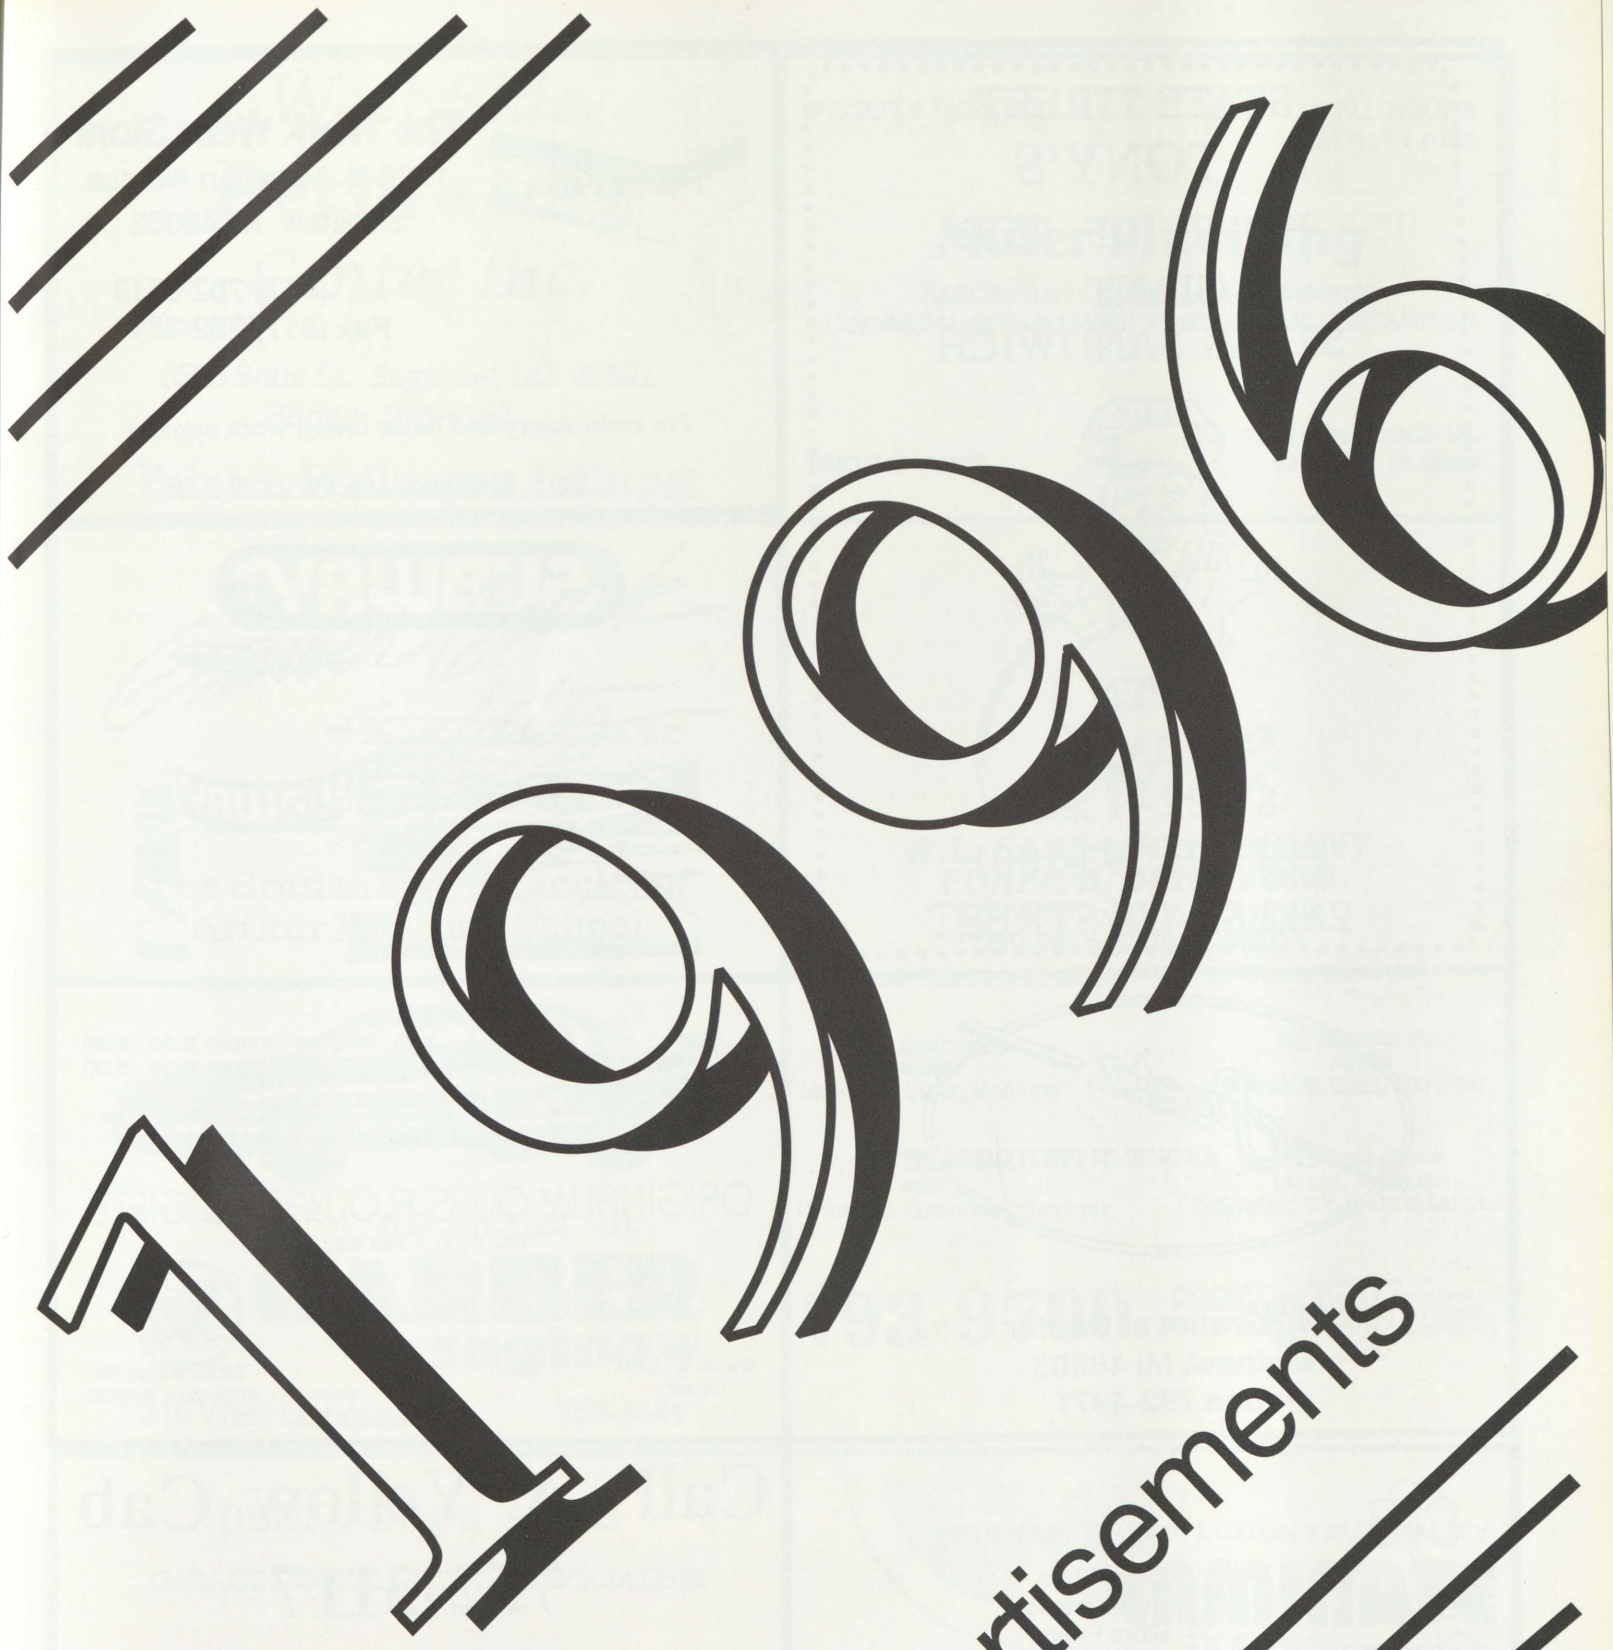

Arthur Hill Network News--it all began January 27, 1994. On this day, the first broadcast of AHNN began and has continued ever since. Mr. Kabobel started the news team with four students interested in broadcasting, and it has grown to seven students who have a class here at the Hill specifically assigned to produce the broadcast. They have gone from a video camera and VCR to highly sophisticated video mixers, cameras and character generators. Plans for even more sophisticated equiptment are in the future.

--Mr. Kobobel

Three years ago, Mr. Kabobel, a math teacher here at Arthur Hill, decided we needed a news broadcast to enlighten students of the many things that go on here at Arthur Hill! Seeing that many students either missed of didn't hear the P.A. announcements, AHNN was invented. Although the cast has changed through the years, AHNN has come a long way. From simple equiptment and amateur broadcasters to highted electronic machinery and experienced news reporters, Mr. Kabobel is the proud head of the well-known AHNN broadcast. Currently the cast consists of seven members:
(Top picture): Ebonii Broadus (EB-Dogg), Steve Shaffer (Opie), and Andrew Cardenas (Drew-Berry Hill).
(Middle pictures): Melanie Granger (Mel-Mel), and Crystal Starkey (Stark).
(Bottom pictures): Nick Miller (Nigity-Nick), and Mike Morrell (Money-Mike).

DAVE WOHLFEIL

To my loving daughter Nicole, we are very proud of you. You are working through a very difficult time with determination. Graduation is important to you now. For a while we were worried whether or not you'd continue. We know now that you'll be alright. Life isn't always what we hope it will be. I know you know that now. All we can hope to do is live one day at a time being the best we can be.

CONGRATULATIONS!!!
Love- Mom and Dad

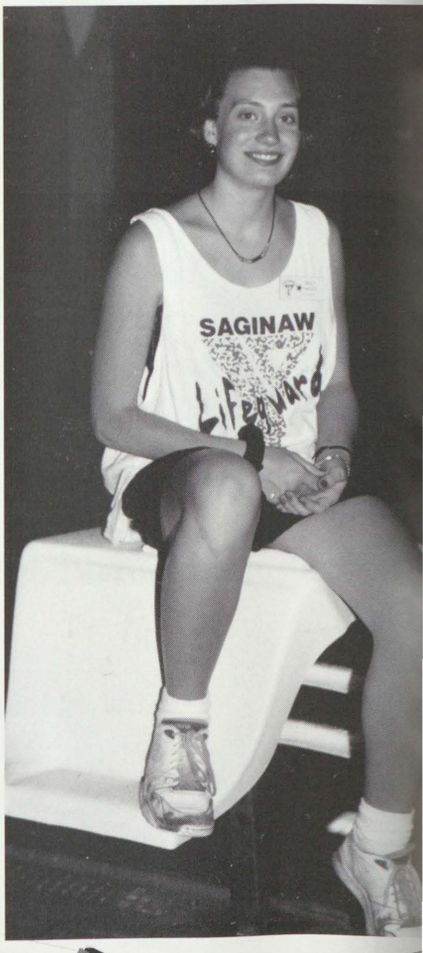

Don't ever stop wishing
On that star in the sky,
Or ever stop asking
That one question, Why?

Don't ever stop reaching
Toward that one special star,
With hard work and your dreams
I know you'll go far.

We're all proud of you Kelly,
And in our own special way,
We know in our hearts,
You'll be a GREAT teacher someday!

Congratulations Kelly!

Letter From the Editors

To Anyone Who Takes The Time To Read This Letter:

Being an editor is hard work. It is an unappreciated job that beats you to a bloody pulp and leaves you out to rot with last week's banana peels in the side street gutter. Characteristics include: long hours, n pay, vacations only if by suspension, no health benefits (unless you call running to the "Cal Mobile" for candy, healthy), and messy, unsanitary work conditions provided by the ever loving Newspaper Staff. The only benefit to this job is being made to listen to Cal's somewhat funny jokes.

Being an editor means receiving phone calls at 8 a.m. every other morningand trying to listen to som person yelling at you to get your lazy butt to school. (Not naming any names, Miss Jennifer Johnston).

Being an editor can be pretty awesome also. At any moment, you can be called out of class to try to find the missing pictures that were taken three months before. Of course, you can take advantage of being called out of class like Jennifer Johnston and spend more time in the yearbook room, and after a while, finding out that your teachers do not recognize you any more.

Being an editor means getting harrassed by the Newspaper Staff. When you try to work during advisory, you have to try dodging all the rubber cement balls being thrown at you from behind doors, corners and underneath tables.

Being an editor means that you have to receive all the criticism of others when they tell you that ther better be an index in this year's yearbook.

To tell you the truth, being an editor is very rewarding. Not many people can say that they once had the chance to mess up anybody's name in the yearbook at any given time.

With Love,

Danielle Stoddard-Editor-in-Chief Jennifer Johnston-Editor

P.S. Not to give any ideas, but for future use, if you know someone in the yearbook staff, you should consider giving them things, like money, candy, or any other tangible items!

Colophon

The 1996 Legenda is the 82nd edition of the official Arthur Hill High School Yearbook. The Legenda was sold to students for $30 in August and September.

In the last quarter of the year it sold for $35. After January 1, 1996, it sold for $40.

The name Legenda means "Things to Read".

The book was printed by Jostens Publishing Company, in Clarksville, Tennessee.

The paper used was 80 pound No. 191 gloss paper.

The Legenda was written and edited on a desktop publishing system using Apple Macintosh computers with Aldus PageMaker and Microsoft Word. Custom graphics were created with Aldus FreeHand.

Black and white prints were taken with Kodak TMAX 3200 ASA film. Color pictures were taken with various brands of 200, 400, 1000 and 1600 ASA film.

The Legenda is annually published by a yearbook staff. The staff met during first hour and used the yearbook lab during seventh hour. The yearbook class is part of the journalism department at Arthur Hill High School.

Mr. Ken Drake was the representative from Jostens. Calvin Mott was the Adviser. Danielle Stoddard was Chief Editor. Jennifer Johnston was editor of the senior section and ad section. The rest of the staff was extremely effective which makes this an outstanding yearbook.

Additional specifications may be obtained through the adviser. No portions of this book may be reproduced without the express written consent of Mr. Calvin Mott, Arthur Hill High School Yearbook, 3115 Mackinaw, Saginaw, MI 48602.
